HAIG'S MEN HOLDING VITAL POINTS AGAINST COSTLY GERMAN DRIVES

PEACE OVERTURES MADE BY AUSTRIANS TO UNITED STATES

Former Hungarian Premier Sought to Open Negotiations With Unauthorized American Named "Professor Anderson."

FUROR OVER STATEMENT OF EMPEROR CHARLES

Wrote That He Considered France's Claims to Alsace-Lorraine Just — Hertling Called by Kaiser.

Washington, April 11.—Reference in a Vienna dispatch to The Berlin Tageblatt to peace discussions carried on at Vienna by a "Professor Anderson," of Washington, puzzled officials here today until they recalled that months ago, just before the United States declared a state of war with Austria-Hungary, a man named Anderson transmitted a report on conversations he had held with Count Andrassy, a former Austrian premier, and Count Aponyi, Hungarian statesman, for many years identified with The Hague tribunal and movements in behalf of universal peace.

Anderson, who, though he could not be definitely identified at the state department, is assumed to be an American of some prominence who happened to be in Vienna, bore no commission from the American government and entered into the conversations solely as an individual. So far as officials here know he advanced no ideas of his own, but merely was called in by the Austro-Hungarians to hear what they had to say about the possibility of terminating the war.

Emperor Charles' Letter.

Considerable interest is manifested here in reports from Austria and Germany on the situation created there by the Count Czernin's recent speech and the French statement that Emperor Charles considered the French demand for Alsace-Lorraine a just one. An official dispatch from France today says the German newspapers are printing demands semi-official in tone asking the Austrian government to explain.

A message from Zurich says Chancellor Hertling has been called to headquarters by the kaiser to discuss the revelations concerning the Austrian emperor.

FRANCE'S CLAIMS JUST, WROTE EMPEROR CHARLES.

Paris, April 11.—The following note was issued tonight:

"Once caught in the cog wheels of lying, there is no means of stopping. Emperor Charles, under Berlin's eye, is taking on himself the lying denials of Count Czernin and thus compels the French government to supply the proof. Herewith is the text of an autograph letter communicated on March 1, 1917, by Prince Sixtus de Bourbon, the Emperor of Austria's brother-in-law, to President Poincare, and communicated immediately, with the prince's consent, to the French premier:

"'My Dear Sixtus: The end of the third year of this war, which has brought so much mourning and grief into the world, approaches. All the peoples of my empire are more closely united than ever in the common determination to safeguard the integrity of the monarchy at the cost even of the heaviest sacrifices.

"'Thanks to their union, with the generous co-operation of all nationalities, my empire and monarchy have succeeded in resisting the gravest assaults for nearly three years. Nobody can question the military advantages secured by my troops, particularly in the Balkans.

"'France, on her side, has shown force, resistance and dashing courage which are magnificent. We all unreservedly admire the admirable bravery which is traditional to her army and the spirit of sacrifice of the entire French people.

Sympathy for France.

"'Therefore, it is a special pleasure to me to note that, although for the moment adversaries, no real divergence of views or aspirations separate many of my empire from France, and that I am justified in hoping that my keen sympathy for France, joined to that which prevails in the whole monarchy, will forever avoid a return of the state of war, for which no responsibility can fall on me.

"'With this in mind, and to show in a definite manner the reality of these feelings, I beg you to convey privately and unofficially to President Poincare that I will support by every means and by exerting all my personal influence

FRENCH OFFICERS ASKED TO TRAIN AMERICAN TROOPS

Washington, April 11.—France has been called upon to aid in hastening the movement of American troops across the sea by sending additional officers for the training camps in the United States. General Vignal, military attache of the French embassy, after a conference tonight with Major General March, acting chief of staff, cabled his government suggesting that any officers that can be spared be detailed for duty in America.

HOWARD TO ENTER RACE FOR SENATE

Congressman Announces Decision to Friends in Washington, and Will Make Formal Announcement Soon.

By J. A. Hollomon.

Washington, April 11.—(Special.)—Congressman William Schley Howard, of the fifth Georgia district, announced to his close personal friends in Washington today that he would enter the race for the United States senate against Senator Hardwick. He is expected to make his formal announcement in the course of the week, possibly Sunday.

Mr. Howard has been prevailed upon by friends all over Georgia in the past few days to make the race, and in saying that he expects to make the formal announcement soon he adds that he will conduct a vigorous campaign in every section of Georgia just as quickly as the war measures now before congress will permit him to leave.

He will not go to Georgia, however, until these matters are disposed of. He is now conducting the hearings in the house appropriation committee in the civil sundries bill and this is taking every minute of his time.

Senator Hardwick will open his own campaign on the 20th in Carrollton. The report that Mr. Howard has challenged the junior senator for a joint debate on that occasion is incorrect.

POLICE SEARCHING FOR YOUNG WRITER OF SUICIDE NOTES

A note signed by a Fred Ransome, announcing that the writer intended to commit suicide, was picked up in Grant park Wednesday afternoon in a swing near the refreshment stand, by Nelson Crist, superintendent of the park. The note was turned over to Officer J. T. Taylor, who gave it to the detective department.

Scribbled on a leaf torn from a note book, the note read:

"Aunt Della: Instead of leaving town, I am going to shoot myself Thursday night in Grant park. Aunt Della, there is nothing in the world for me. Old Man Cain is the cause of all this. I had a good home, but have left it. Good-by, and good luck.

"FRED RANSOME."

On another scrap of paper was the following:

"I am going to shoot myself Thursday night. I had a good home while I was there, but I would not stay. The reason I left, I didn't have enough to pay board. I did not have but $3 left."

On the back of this were many figures and "A. N. Wilson, board rent, $3."

The police are seeking the writer of these two notes.

UNCLE SAM SEIZES COASTAL SHIPPING TO RELIEVE ROADS

Clyde, Mallory, Merchants' and Miners' and Southern Steamship Lines Are Affected by Order.

PLACED UNDER CONTROL OF DIRECTOR M'ADOO

All Wharves, Warehouses and Other Properties Will Be Taken Over by Government, Effective Saturday.

Washington, April 11.—Leading Atlantic and Gulf steamship lines will be unified Saturday under control of the railroad administration.

President Wilson by proclamation today commandeered the Clyde, Mallory, Merchants and Miners and Southern Steamship lines, and assigned them to the supervision of Director General McAdoo, who already has control of railway-owned lines, the Ocean, Old Dominion, Southern Pacific, Baltimore steam packet and Chesapeake Steamship companies.

This action adds 63 coastwise vessels averaging 3,500 tons each to the 48 other coastwise ships already under government management, making a total of 111 vessels, aggregating nearly 400,000 tons. These will be assigned to carrying coal and other materials between Hampton Roads and New England, cotton from the south to New England, and other traffic, which will result in relieving rail transportation. Under private management, it is said, many of the ships taken over under the proclamation today have been running on inflexible schedules and routes, often carrying light cargoes, at least one way, and have not lent themselves entirely to the exigencies of railway and port congestion.

Many to Carry Coal.

One of the first steps of the government will be to place a greater number of the vessels in the coal-carrying trade between Hampton Roads and New England to provide for a reserve of fuel for next winter.

The new duties entrusted to the railroad administration may be met by re-organization of the marine transportation division, it was said today, one branch may be given charge of ocean shipping, and another of lakes traffic and inland waterways, the greater use of which is planned by the railroad administration as soon as a survey now being made is completed.

Of the 63 ships, 30 belong to the Clyde line, 14 to the Mallory, 13 to the Merchants and Miners, and six to the Southern.

The president specified that the companies are to be compensated at a "just and reasonable" rate to be agreed upon between them and Director General McAdoo. This probably will be on a fixed rental basis, such as the shipping board uses in compensating owners of commandeered ocean-going vessels.

The commandeering action was tak-

Former Russ Noblewomen Doing Their Own Washing And Working in Vineyards

Moscow, Wednesday, April 10—(By the Associated Press.)—The Romanoff family, most of whom are residing in the Crimea, are suffering from want, according to the Moscow papers. The dowager empress, Maria Feodorovna, with Grand Duke Nicholas, the Grand Duchess Xenia and children and other members of the family, is allowed to spend only four hundred rubles a month, while the expenses of all of them cannot exceed 10,000 rubles. They have five servants, but many of the former court noblemen and noblewomen who are staying with the Romanoffs do their own washing or work in the vineyards, earning occasionally 4 rubles a day.

SMITH CRITICISED AS OBSTRUCTIONIST

Any Who Are Against Any Measure Demanded by the President Are Against the President, Declares Lewis.

Washington, April 11.—Restriction of the president's power in re-organizing government agencies to the military establishment and other war-making branches was advocated and opposed today when the senate resumed debate on the Overman re-organization bill, laid aside a week for passage of sedition legislation.

Senator Smith, of Georgia, led the attack on the administration measure, declaring that while there is no lack of confidence in President Wilson, he should not be given authority to disturb the interstate commerce commission, federal reserve board, federal trade commission or other agencies of the civil establishment. He said he favored giving the president more power over the military establishment than the bill provides—but by specific designation by congress.

In a long speech championing the bill, Senator Lewis, democratic whip, declared congress should give the president any powers he deems necessary to successfully prosecute the war, and declared the voters would not be patient with obstructionists.

Smith Leads Attack.

Senator Smith, of Georgia, declared he favored the bill in so far as it affects the co-ordination of the military establishment, but said any attempt to reorganize civil departments would only "produce confusion and disorder."

Senator Smith said congress was partly to blame for legislation disorganizing the army general staff and restricting the chief of staff's authority. Civilian advisory committees, he said, have been a "recognized folly" and must be dispersed "for the good of the country."

There has been "lack of vision" by war department officials for the enormous war task, Senator Smith said, as well as "failure" in business organization and instances of money "not wisely spent."

Senator Smith said red tape existed in the various departments, but there was no need for the president to interfere, as department heads could remove it if they would. Were all the matters explained to the president fully and could he give two days to consider it, the senator expressed his belief that the chief executive would not ask for the legislation.

For or Against President.

Supporting the measure, Senator Lewis, of Illinois, declared that "any who are against any measure the president demands as necessary to win the war are against the president."

"The people want this war won," said Senator Lewis. "The country wants the Germans beat back—that they may not beat America down. Any man who now is against the war is against America—and any who are against any measure that the president demands as necessary to win the war are against the president.

"The people of the United States will not be patient with obstructions rolled in the road, labelled 'constitution'—or of the call summoning opposition in the ancient cry 'beware of usurpation of power.' The country gave Wilson the power in the declaration of war and demands of congress to throw off its bridle and bit."

Aiding the Enemy.

Senator Ashurst pleaded that no aid or comfort be given to the enemy by shackling the American commander-in-chief.

"Had General Foch and Marshal Joffre," Senator Ashurst said, "been hampered by red tape, by orders from a war council or by a voluble congress, they would not have won the victory of the Marne, which was to civilization as important as was the victory of Charles the Hammer, when he rolled back the surging tide of the Moslem at Tours."

The Arizona senator declared President Wilson the most potent official in "all Christendom," and the spokesman for the allies.

"Yet," he continued, "this man who has demonstrated his great capacity for public affairs and has moved with unerring precision in matters of world-wide import, is not to be trusted—so say some senators—with the power of transferring certain bureau officials and chief clerks in Washington."

Senator Reed and Senator Cummins Spoke in Opposition to Measure.

PRESIDENT PRAISES RECORD FOR BONDS MADE BY LAGRANGE

"Report Was Certainly Most Inspiring and Attracted a Great Deal of Attention," He Wires Governor Dorsey.

$1,599,550 THE RECORD MADE BY 6TH DISTRICT

Atlanta Territory Is, Up to Date, Ahead of St. Louis, San Francisco and Cleveland Districts, the Reports Show.

President Commends LaGrange.

President Wilson Thursday congratulated Governor Hugh M. Dorsey on the record of LaGrange, Troup county, in the third Liberty Loan race. A letter over his personal signature, dated April 9 at the white house, reached the governor Thursday and read as follows:

My Dear Governor Dorsey:

The report from LaGrange was certainly most inspiring and has attracted a great deal of attention. Thank you very warmly for your telegram.

Cordially and sincerely yours,
(Signed) WOODROW WILSON.

LaGrange and Troup county stand foremost among communities exceeding their third Liberty Loan quotas during the first hours of the opening day of the drive, which was last Saturday.

Dispatches from Washington on Thursday carried figures as to the total subscriptions to the third Liberty Loan in ten of the twelve federal reserve district received to date. The total for the first four days is given at $275,919,000. These figures show the Atlanta district to be leading the San Francisco and St. Louis districts and indicate overwhelming over-subscriptions to be expected all over the country.

The New York district alone reported $181,400,000. The Cleveland district, on the other hand, reported only $7,150, but the treasury assumed that this was an error in transmission.

Reports from other district follow:

Chicago, $35,910,000; Boston, $35,500,000; Dallas, $11,762,700; Richmond, $5,610,650; Kansas City $1,611,200; Atlanta, $1,599,550; St. Louis, $1,394,100; San Francisco, $1,123,650.

The eight districts reporting send in their figures as follows:

Atlanta, $1,411,400; Boston, $20,483,000; New York, $157,000,000; Cleveland, $6,650,000; Chicago, $29,135,000; St. Louis, $1,294,000; Kansas City, $1,251,450; San Francisco, $1,123,650.

Subscriptions of States.

Reports filed Thursday by the Atlanta Federal Reserve bank show that the states comprising the Sixth district subscribed to the loan on Wednesday amounts as follows:

Alabama, $60,000; Florida, $58,050; Georgia No. 1, $31,350; Georgia No. 2, $16,200 and Tennessee, $22,550.

The largest individual subscription, $50,000, for the day, was reported by a bank at Monticello, Fla. Other large

FIVE MEN ORDERED HELD FOR PRAGER'S LYNCHING

Coroner Recommends That All Be Tried on Charge of Murder.

Collinsville, Ill., April 11.—The coroner's jury, which investigated the lynching here last Friday of Robert P. Prager, alleged German sympathizer, at the close of the inquest tonight recommended that five men be held, charged with murder in connection with the hanging.

The men ordered held are: Joseph Riegel, Wesley Beaver, Richard Dukes, Jr., Enid Elmore and Willam Brockmeier.

After having been in deliberation since 2:30 o'clock this afternoon the coroner's jury tonight brought in a verdict that Prager was "hanged by a mob," and recommended that the men named be held, charged with Prager's murder. Warrants immediately were prepared by Coroner Lowe.

Wesley Beaver, a saloon porter, was the first man placed under arrest. The other four were apprehended immediately, as no effort was made by any of the defendants to avoid arrest.

DIES IN ATTEMPT TO SAVE TWO MEN FROM OIL FUMES

An Atlantic Port, April 11.—Felix Taskowsky, navy quartermaster on a small steamship in government service, died in oil fumes today in a vain attempt to rescue two civilians doing repair work in a compartment in the hold. The repairers did not reappear after some time had elapsed and Taskowsky volunteered to be lowered into the hold, where he found the men unconscious. As he was being drawn to the deck with one of the repairers in his arms he lost his hold. Firemen was summoned to recover the bodies.

LUCKIE ST. PAVING URGED BY CITIZENS

Widening and Paving Project Indorsed at Meeting Held on Thursday Night at Baptist Tabernacle.

The Luckie street improvement is going over the top, and the Atlanta people may feel assured that the city will have a new artery of travel extending from the center of the city toward its northern boundary, and the present congestion of traffic on Peachtree and Marietta streets will be relieved.

This was evidenced by the spirit of a meeting of the promoters of the Luckie street widening and paving project, which was held in a committee room of the Baptist tabernacle Thursday night, when resolutions were passed voicing the sense of the meeting to be that the present grade of the street from Bartow to Hunnicutt street, be allowed to stand, with the exception of whatever cuttings the engineers saw fit to make; that a 2-inch asphalt pavement be laid over the present Belgian blocks, at a cost of 62 cents a front foot, or $31 per 50 front feet, to property owners; that 2 feet be asked for from the city to be taken from each sidewalk, making the roadway of Luckie street 38 feet wide, and that petitions be circulated at once among property owners asking them to agree to pay their prorata share of the paving.

Will Widen Street.

A motion was also passed asking owners of property at the place where the street curves to give sufficient of their holdings to improve the street. None of the property owners, except those at the curves, will be asked to give any frontage between Bartow and Hunnicutt streets, but as Luckie narrows considerably after Hunnicutt street is passed, waivers will be asked for from property owners beyond Hunnicutt street in order that Luckie street may be made a uniform width to its end.

City Councilman I. F. Styron, who was present at the meeting, said that the Luckie street project was certainly gding to be put over, and he promised to give it his support in the city council.

Chief of Construction H. L. Collier and City Construction Engineer Robert were also present, with blueprints and estimates, showing the physical aspect of the proposed improvement of Luckie street, and giving the estimated cost of the 2-inch asphalt paving to be laid on the Belgian block foundation.

Officers Are Elected.

George Ware, a prominent resident of Luckie street, and a citizen who has long been interested in its improvement, was present and spoke enthusiastically, promising his support.

Shortly after the meeting was called to order by Rev. John W. Ham, who acted as temporary chairman, and who declared his purpose in working for the Luckie street improvement was a desire to serve Atlanta as a whole, the following officers were elected to serve the Luckie Street Improvement association: John H. Welch, former member of council, and prominent resident ofr the street, was made president; T. E. Landen was elected vice president, and Rev. John W. Ham was made secretary and treasurer.

After passing the resolutions mentioned above the meeting adjourned to meet again next Thursday night at Payne Memorial Methodist church.

CHARLIE CHAPLIN RAISES $330,000 AT BOND MEETING

Petersburg, Va., April 11.—Charlie Chaplin opened his southern tour in the interest of the third Liberty Loan this afternoon and subscriptions amounting to $330,000 were raised in an hour. Charles Lapworth, of The London Daily Mail, also spoke.

4 Killed and 21 Wounded When German Super-Gun Hits Foundling Asylum

Paris, April 11.—The bombardment of Paris by the German long-range gun was resumed this afternoon.

One shell struck a foundling asylum. The total victims of the bombardment were four killed and 21 wounded.

BRITONS KEEP GRIP ON MESSINES RIDGE AND AT HOLLEBEKE

Lestrem, Wytschaete and Ploegsteert Also Retained by English Despite Repeated Attacks by Teutons.

DRIVE SOUTH OF YPRES IS MAJOR OPERATION

Hindenburg Is Using Massed Troops and Not Counting Cost, But Has Gained Little Advantage.

SITUATION CONSIDERED PRETTY WELL IN HAND

London, April 11.—A telegram to Reuter's from British headquarters in France reads:

"There is a general disposition to consider the situation in Flanders as pretty well in hand, and, although fighting is continuing on a heavy scale, the outlook is viewed with confidence."

New York, April 11.—(By Associated Press. From European Cables of the Day.)—Swinging his heaviest legions and mightiest guns to the north of the Picardy battlefield, Field Marshal von Hindenburg now is driving attack after attack against the British lines between Arras and Ypres. Charging across the level country behind a tempest of high explosives and gas shells, the Germans have succeeded, by terrific fighting, in penetrating the British defenses at points over a front of nearly thirty miles to a depth of almost six miles just to the south of Ypres.

The loss of Armentieres is admitted by the British, but this was expected from the trend of events in that sector during the last few days. The enemy had driven in on both sides of the town and holding out longer by the British would have imperiled the whole line. So far as known, the withdrawal of the British forces from Armentieres was orderly, and was only for the purpose of straightening out the line in the region where the German pressure is the heaviest.

The British have stood firm at vital points along the line. Wytschaete is still held by Field Marshal Haig's men, who also maintain their grip on Messines Ridge, Lestrem, Ploegsteert and Ploegsteert wood and Hollebeke, against which furious assaults have been launched only to break down or be nullified by British counter attacks. A terrific attack made against Hollebeke and Wytschaete was completely repulsed with great loss to the Germans.

FARTHEST RETIREMENT OF THE FRENCH.

This particular part of the battle line in the west has been the scene of terrible fighting for nearly four years. Armentieres marked the farthest retirement in this region of the Frnech, British and Belgians in August and September, 1914. Just to the north,

Germany Today Described In Striking Fact-Stories To Appear in Constitution

The Constitution has secured the exclusive rights in this section of the story of Blanche Slocum, the last American permitted to leave Germany, who, after four and one-half years' residence in Germany, arrived at her home in Chicago Tuesday, March 26, coming directly to that city from the German frontier. The series starts in this issue of The Constitution.

Miss Slocum has been studying and singing in Berlin and Munich, and has had an opportunity to meet all classes of people in the German empire. She has traveled extensively throughout the country. She has brought back a remarkable eye-witness story of conditions as they actually exist in Germany today—a story telling what the German people think of America; what they think of the kaiser; what they think of Russia; what their food allowances are; how they live; how their business is affected; how their schools are operated; how their railroads are conducted, and what they think of their future.

This story is now being completed by Miss Slocum. It will be titled "Germany Today." It will consist of approximately 15,000 words, and will be published on the editorial page of The Constitution in fifteen installments, beginning today. Every phase of life in Germany today will be described in detail by Miss Slocum from first-hand information.

Miss Blanche Slocum is a daughter of Mr. and Mrs. E. B. Slocum, of 746 South Elmwood avenue, Oak Park, Ill. She studied at the Chicago Music college, taught and gave concerts in Wisconsin and, after singing in the chorus of the Chicago Opera company, went to Paris and then to Berlin as the protege of Miss Mary Garden. In January, 1918, having spent four and a half years in Germany, she succeeded in leaving the country, thanks to the influence of the Spanish embassy and two prominent Germans. For weeks before her departure she had been actually a prisoner, as the authorities considered her dangerous by reason of her knowledge of the war conditions, which she described in her series of articles.

The articles will prove of intense interest just at this time, and no reader of The Constitution should miss a one. They will appear each day until the series is completed on The Constitution's editorial page.

near Ypres, the Germans on April 22, 1915, first loosed on the Canadian troops their poisonous gas, and here on December 19, the same year, they drove hard at the thin line of Canadians in a desperate effort to reach Calais. On both occasions the Canadians beat back the enemy and held their lines intact.

Near by the British launched their counter offensive in February, 1916, and withstood furious attacks during April and May, the same year.

The drive south of Ypres has developed into a major operation, it would appear, and the Germans, using their massed attack system, are not counting the losses inflicted upon them in their advance. So far they have gained little of great tactical value. The high ground along the front is still held by the British forces and the retirements here and there have not as yet endangered the integrity of the line from Arras to the north sea.

While this battle is going on, there is a lull in the struggle before Amiens.

Since the announcement that American troops had made their appearance in the sectors occupied by the British, there has been nothing to show that they have actually entered into the battle.

In the Italian theaten of war there have been only scattering artillery engagements.

GERMANS PRESSING DESPERATE DRIVES ON NORTHERN FRONT

London, April 11.—The official report from Field Marshal Haig's headquarters in France tonight reads:

"The enemy pressed his attacks strongly throughout the day on the whole northern battle front. Heavy and continuous assaults have been delivered by fresh German divisions in the region of the River Lawe between Loisne and Lestrem.

"In this fighting the Fifty-first division has beaten off incessant attacks with great loss to the enemy and by vigorous and successful counter attacks has recaptured positions into which the enemy had forced his way.

"Heavy fighting has taken place at Estaires and between Estaires and Steenwerck. In this sector also the enemy attacked in strength and succeeded in pushing back our line to just north of these places.

"North of Armentieres a determined attack developed this morning against our positions in the neighborhood of Ploegsteert wood and the enemy made some progress. Further north a heavy attack was launched this morning against our lines in the neigrborhood of Wytschaete and Hollebeke, but was completely repulsed by the Ninth division with great loss to the enemy.

"Fighting is continuing on the whole front between La Bassee canal and the Ypres-Comines canal. On the remainder of the British front the day again passed comparatively quietly."

MESSINES RIDGE IS STILL HELD BY THE BRITISH

With the British Army in France and Belgium, April 11.—(By the Associated Press.)—The fighting was continuing this morning north of Armentieres, with the British still holding Messines ridge and Wytschaete, which yesterday changed hands several times.

During the day the enemy succeeded in entering not only these positions, but La Creche, Nieppe and Hollebeke. Vigorous counter attacks forced the enemy from all these places.

The Germans this morning were in possession of about half of the village of Ploegsteert and Ploegsteert wood on the Flanders battle front, just to the north of Armentieres.

The heavy enemy attacks north and south of Armentieres yesterday resulted in the advance of the German positions until the town was in a deep and narrow pocket, the mouth of which was on a line drawn approximately north and south through Steenwerck.

The Germans attacked north of Armentieres at 5:30 o'clock yesterday morning after two hours of intense bombardment.

They advanced under cover of a heavy fog and the opposing forces were at close quarters before fighting was begun.

The attacks were pressed as far north as Hollebeke, where the enemy made slight gains.

The Germans are particularly desirous of capturing Messines ridge and Wytschaete and pressed their attacks there hard throughout the day.

Much sanguinary hand-to-hand fighting occurred at these places, the tide of battle surging back and forth for many hours before the enemy finally abandoned temporarily his attempts here.

Coincident with the attack north of Armentieres the enemy continued to push northwestward from Croix du Bac, below Armentieres, in order to complete the pocketing of the latter city.

Hard fighting occurred yesterday about Estaires and at one time the Germans had a footing in the southern edge of the city. The battle here is still continuing.

The enemy artillery was active in the Somme region this morning.

FRENCH REPULSE TWO HUN ATTACKS IN NOYON SECTOR

Paris, April 11.—The war office announcement tonight reads:

"There was violent artillery fighting at certain points on the front north of Montdidier and in the region of Lassigny last night and this morning. We repulsed two enemy attacks, which were quite spirited, in the sector of Noyon. There was intermittent cannonading on both banks of the river and around Le Pretre wood.

"Aviation: Last March 28 (?) German airplanes were brought down.

"Eastern Theater, April 10: Patrol encounters occurred south of Demir-Hissar and between the lakes. There was slight artillery activity along the whole front. The bad weather hampered aerial activity."

FRENCH BREAK UP GERMAN ATTACK IN CHAMPAGNE

Paris, April 11.—The German attack in the Champagne last night was broken by the French fire. The principal battle front there was heav artillery fighting between Montdidier and Noyon.

The statement follows:

"French artillery developed activity in the course of the night between Montdidier and Noyon. A German detachment was caught under the French fire in the region of Orvillers-Sorel and dispersed before it was able to approach our lines.

"Northwest and east of Rheims the French made successful raids, bringing back a dozen prisoners and one machine gun.

"In the Champagne the Germans attacked advanced French posts east of Souain. They were repulsed after a spirited engagement. Another effort in Apremont forest was broken up by the French fire. There is nothing to report from the remainder of the front.

"On April 10 two German airplanes were brought down by the fire of French machine guns."

BATTLE IS TAKING FAVORABLE COURSE, BERLIN DECLARES

Berlin, April 11.—(Via London.)—The official communication issued from general headquarters this evening says:

"The battle near Armentieres is taking a further favorable course. We have penetrated into the suburbs of Armentieres.

"South of Estaires the Lawe has been crossed at some points."

Berlin, April 11.—(Via London.)—The official report from general headquarters today reads:

"The battle of Armentieres has been in full swing since April 9. Between Armentieres and Festubert, General von Quest's army has captured English and Portuguese positions on the southern bank of the Lys and on the eastern bank of the Lawe.

"After storming the Grenier wood and Nueve Chappelle in its first assault across the swampy crater field, it overpowered the wide plain prepared for stubborn resistance, with its innumerable farms and houses and clusters of trees, which, by the labor of years, had been constructed into strong points of support.

"The crossing of the Lys was forced by the 370th infantry regiment.

"Yesterday the attack was continued in an even wider front. General von Arnim's troops captured Hollebeke and the first English line adjoining the south. They stormed the heights of Messines and maintained it against strong enemy counter attacks.

"To the south of Waasten-Warneton they pushed forward as far as Ploegsteert wood and reached the Ploegsteert-Armentieres road.

"General von Quest's army crossed the Lys at several points between Armentieres and Estaires and is engaged in battle with freshly brought up English troops on the northern bank of the river to the south of Estaires. We fought our way to the Lawe and to the region northeast of Bethune.

"The number of prisoners has increased to considerably more than ... 00, including a Portuguese general."

ONE ITALIAN STEAMER SUNK DURING WEEK

Rome, Wednesday, April 10.—One Italian steamer of more than 1,500 tons was sunk by enemy submarine during the past week. Three small sailing vessels also were sent down.

Convicted of Murder.

Athens, Tenn., April 11.—Carl Whalen was today convicted of the murder of Wade Smith in a wooded section near here last August and given a sentence of from 10 to 20 years. The jury was out only a few minutes. The body of Smith lay in the forest near here until last Christmas, when it was discovered by hunters, and after it had been partly devoured by hogs.

The FRANKLIN *Big Window* Sedan

Wins Instant Recognition as the Ideal Year-Round Car

EXPERIENCED motorists have always looked forward to a perfected Enclosed Car, which would combine the superior comfort of the enclosed type with the superior economy and roadability of the open one. *That car is here—*

The Franklin *Big Window* Sedan has won the quick and ungrudging recognition which the American public always gives to the best.

Having pioneered the Sedan type in this country, it is not surprising that the Franklin Company has now perfected it—both in Performance and in Beauty of Appearance.

The *Big Window* Feature alone excites admiration wherever the car is shown. By placing the doors forward and eliminating two side pillars, Franklin design has removed the usual pent-up feeling. Now, no matter where one is sitting, the view is as broad as the eye will take in. In every sense, it deserves the description "a *personal* Observation Car."

Advance design, coupled with the basic Franklin principles of Scientific Light Weight and Flexible Construction, makes the *Big Window* Sedan an enclosed car that is practical for all-round, all-the-year use.

The usual enclosed car, heavy and rigid, wastes gasoline in moving its own weight—and mercilessly pounds out its tires before their time.

The *Big Window* Sedan consistently delivers—

18-20 Miles to the gallon of gasoline, instead of 8.
10,000 Miles to the set of tires, instead of 5,000.

The heavy and rigid enclosed car compels its owner to choose his roads; the *Big Window* Sedan is *indifferent* to them. It runs lightly, flexibly, resiliently on any road. It handles with strainless ease and instant responsiveness.

There is no other car like it. It is of its own kind. Cool and dustless for summer use; warm and reliable for winter running, the *Big Window* Sedan fits every *feminine* need and is the car of every use for the *busy man*.

It makes congested city traffic easy; it turns all-day touring into an exhilarating experience. It does exactly what the ideal Enclosed Car should do; it delivers Service and Comfort—*economically*—every day, for every use, in every weather, on every road.

That is the Franklin *Big Window* Sedan.

WE CAN list and describe the many features of the *Big Window* Sedan. But cold type cannot picture them to you. Only the car itself can do that. See the car today. Ride in it—and realize what is meant by *Enclosed Car Perfection.*

The Big Window Sedan

Only *one* post breaks the span between the wind-shield and the rear of the body, and this one is so placed by reason of the extra wide door that it offers no obstruction. Widest view obtainable.

Slanting V-Windshield

Another device for broadening the vision. Also obviates the confusion of reflection.

Easy Entrance

Single wide door, directly beside front seats, gives access to car without confusion or disturbance. Driver can enter without clambering over other passengers. A patented Feature of the *Big Window* Sedan.

Adjustable Front Seats

Adjustable front seats allow long-legged or short-legged man to ride comfortably. Front seats also equipped with friction device that holds them in position when tilted forward.

Double Pull Levers for Doors

Within easy reach, wherever you are sitting, is pull lever for opening door without necessity of reaching forward to release catch.

Decorations

Neutral Green Edredon, used in all Franklin Enclosed Cars. Metal trimmings in dull platinum finish with classical acanthus leaf etching. Dome lights and side lights in neutral colored Tiffany Glass. Fittings include Ladies' Cabinet, Convenience Tray in cowl, Smoking Cabinet with Electric Cigar Lighter, etc.

LIEUTENANT TERRELL WRITES FROM FRANCE

Word was received in Atlanta Thursday announcing the safe arrival in France of Lieutenant W. T. Terrell, of the signal corps, aviation section. Lieutenant Terrell is the son of W. H. Terrell, prominent Atlanta attorney, and was connected with the office of H. L. Collier, chief of construction, as civil engineer before he was commissioned as first lieutenant at Fort Oglethorpe last summer. He was stationed at the aviation school at Houston, Texas, previous to the departure of his squadron.

Hubard Is Bound Over.

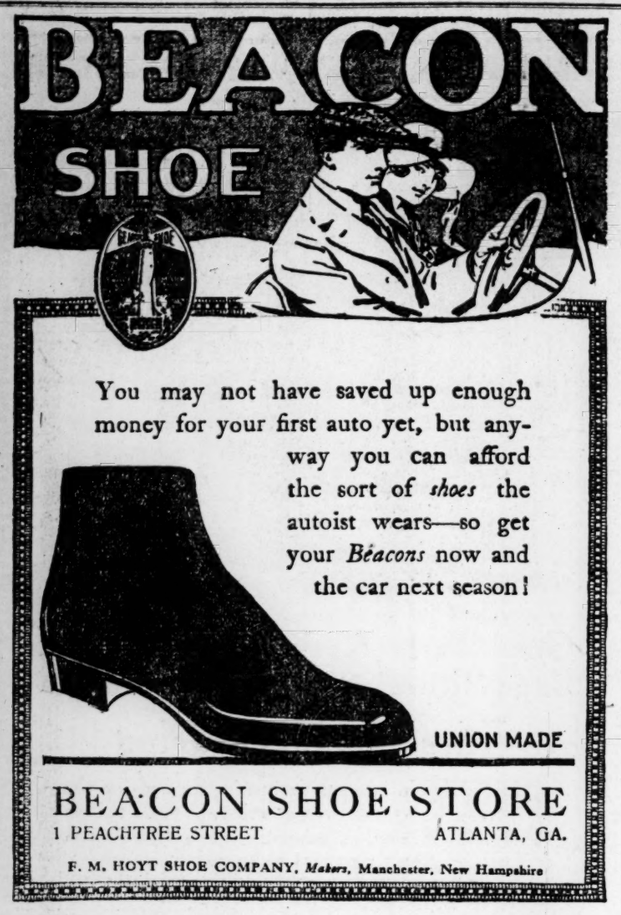

Robert L. Hubard, proprietor of the Walton hotel at 10½ Walton street, waived preliminary trial in police court Wednesday afternoon and was bound over on $100 bond for violating the state prohibition law. Hubard was arrested last Sunday night when Detective Sergeant Waggoner and Detectives Shaw and Maddox searched his room and, according to their statement, were about to cease operations when Sergeant Waggoner stumbled over a rug which rolled up revealed a trapdoor, which was opened and twenty-six pints of blind tiger liquor discovered.

ECLECTIC DOCTORS ELECT NEW OFFICERS

The Georgia Eclectic Medical association, holding its annual convention in the Kimball House, elected officers for the ensuing year Thursday.

The following were named: Dr. J. H. Steed, of Dalton, president; Dr. J. G. Brantley, of Atlanta, first vice president; Dr. L. P. Baker, of Atlanta, second vice president; Dr. Ban H. Griffith, Atlanta, secretary; Dr. W. P. Durham, of Dawson, treasurer.

It was decided that the 1919 convention will also be held in Atlanta. Probably eighty doctors in all were present at the association session, and heard discussions of a technical nature.

SUITS AUTHORIZED AGAINST SOUTHERN

Western and Atlantic Lease Commission Will Go to Courts on Encroachment Cases of Southern Railway.

The Western and Atlantic lease commission, of which Governor Hugh M. Dorsey is a member and C. Murphey Candler is chairman, met at the state capitol Thursday, and, having been unable to compose the differences of the Western and Atlantic railroad and the Southern railway outside of court, authorized lawsuits against the latter company for encroachments upon the right of way of the former.

In taking this step the commission was acting under authority of an act of the legislature of 1916, which placed upon it the burden of composing the differences of the two roads.

Specific charges by the commission upon which suits may be based indicate that the Southern railway, from a point beginning at Simpson street, Atlanta, and running north for several miles, is encroaching upon the Western and Atlantic right-of-way, the Southern claiming that it has received certain rights from the old Georgia Pacific railway.

Encroachment Charges.

Another charge involves the crossing at the Union stockyards, where the Southern claims to have certain rights from the old Belt railroad. There is another crossing also in question north of that one.

A further case of encroachment comes from Dalton, Whitfield county, where the Southern claims to have acquired rights originally in the old Dalton and Gadsden road.

The Southern railroad was represented before the commission by Mr. Sanders, its attorney.

The commission, after hearing the case, ruled that its counsel, acting with the approval of the chairman, shall immediately institute such suits as may be necessary to protect the state's interest in these several controversies.

Case From Marietta.

A very similar case arose also from Cartersville, where the Seaboard Air Line railroad is said to occupy state property. There is no denial in this case, however, and the matter will not be taken into the courts. The Southern case, however, could not be settled out of court, notwithstanding numerous attempts, and court action is considered necessary.

The city of Marietta is involved in a third case brought to the attention of the commission Thursday. It appears that Atlanta street of that city occupies premises that are really the right-of-way of the railroad. The city is planning to make certain paving improvements, and to this end, through James R. Brumby, mayor, was very anxious to find out its rights in the case. The Marietta controvery is a friendly one, and the city wants to know whether or not it may proceed with the paving as planned or whether the commission will cause it to make changes in those plans.

This case was taken under advisement pending further investigation, after which the chairman and counsel of the commission may act.

OLD MAIDS WILL SHOW HOW TO GET HUSBANDS

"Husbands, and How to Get Them," will be the one theme of discussion at the meeting of the Old Maids' Matrimonial club, which convenes tonight in the Sunday school auditorium of St. John's Methodist church, corner Georgia and Central avenues at 8 o'clock.

Costumed in the fashion of their "salad days," twenty aspiring spinsters of the St. John congregation will publicly voice their masculine ideals and the matrimonial hopes which cling tenaciously to their ageing bossoms. In the midst of their deliberations Professor Change-her, alias Joe M. Bosworth, arrives with a wonderful machine, by means of which the old maids are transformed into "rare and radiant maidens" comparable to the poetic "lost Lenore."

Among these characters are the president, Charity Lovejoy, who abounds in speech; Amarilla T. Long, the secretary, slightly temperamental, who by "smelling a mouse," achieves the seventh heaven of feminine delight in the professor's embrace, and Priscilla Hope, who fills and adorns the treasurer's post. In every-day life these three ladies are known as Mrs. Juliette Parmalee, Mrs. Nellie Bosworth Hamilton and Mrs. J. B. Campbell. Mrs. P. L. Moon takes the part of Miranda Price, who is "agin the widders, whether grass or sod," and Mrs. Wayne Farris, as Eliza Hooker, is the simon pure spinster, angular and desiccated and altogether sapless.

Admission is 25 and 15 cents, for the benefit of the church debt.

BOARD OF HEALTH TO HEAR DR. BROWN

The Atlanta board of health will hold its regular meeting this afternoon at 5 o'clock, when matters pertaining to the present health campaign that is being pushed with such vigor by the city health department and the United States public health service will be considered.

It is expected that Dr. Benjamin W. Brown, the new commanding medical officer in charge of the federal health service, who has signified his willingness to place the men and the means allowed his department at the service of the city of Atlanta, will be present and address the board.

The question of giving police power in a limited way to the Atlanta scoutmasters, in order that they may stand between the boy scouts in their work of sanitary inspectors, and recalcitrant citizens, will also be discussed, it is said.

A number of matters of interest with reference to the Atlanta health and sanitary campaign will come before the board, it is believed.

SUIT BROUGHT AGAINST THE CITY FOR $40,000

The trial of the $40,000 damage suit instigated against the city by Mrs. Jennie H. Hagan, on behalf of her minor son, C. O. Hagan, was begun in Judge H. M. Reid's division of the city court yesterday.

Young Hagan told the jury that his back was broken in a fall from scaffolding while engaged in making repairs to the Washington street viaduct on Feruary 23, 1915. Hagan, it was stated, was forced to wear a steel body jacket as a result of the accident. Attorneys Atkinson and Born represented Mrs. Hagan, while City Attorney James L. Mayson and Assistant City Attorney Sam D. Hewlett appeared for the city.

LIFE INSURANCE MEN DINE PROMINENT GUEST

Lawrence Priddy, president of the National Association of Life Underwriters, and who is now on a tour of the southern states, arrives in Atlanta today, and will be the guest this evening at a dinner to be given in his honor by the Atlanta Association of Life Insurers at the Capital City club. Mr. Priddy has devoted a great deal of time to the betterment of the life insurance business, always standing for the best service possible, and advocating placing life insurance upon the high plane of a profession.

All the leading life insurance men of Atlanta and some visiting agents from other Georgia cities will attend the dinner.

WILLIAM J. HARRIS TO OPEN CAMPAIGN IN WAYCROSS ON 20TH

William J. Harris will fire the first gun of his campaign for the United States senate at Waycross on Saturday, April 20. This date was agreed upon Thursday at a conference between the candidate and leaders of his campaign and, incidentally, is the very same date upon which Senator Thomas W. Hardwick will speak at Carrollton.

On Friday, the day preceding his Waycross speech, Mr. Harris will be present at the meeting of the Georgia Medical association at Savannah.

Other plans made at the Thursday campaign conference between Mr. Harris and his co-workers at the Kimball house included the opening of campaign headquarters in that hotel within a very few days. Dr. L. S. Ledbetter, of Cedartown, will be in charge of the campaign and the headquarters will have six assistants for the state at large.

Surrenders to Police And Confesses Guilt In Tolbert Stabbing

Confessing, according to city detectives, he stabbed H. W. Tolbert in a fight, which occurred in the Bartow apartments on Luckie street, on Sunday night, March 24, R. H. Hambrick, 29 years old, of 98 Washita avenue, has surrendered to Detective Rosser, and is now under a $1,000 bond.

Detective Rosser stated Hambrick telephoned him telling him he did the cutting, and was willing to surrender. Later, it is stated, Hambrick met Detective Rosser up town, who arrested him and took him to the police headquarters, where he was later released on bond.

Hambrick told how the fight began, which, he states, occurred in the hall of the apartment house, according to the officer, and says he stabbed Tolbert in self-defense.

Tolbert has steadily refused to make a statement concerning the affair, stating the fight was a personal matter, and he did not wish to discuss it with any one. When told that Hambrick had given himself up to the police, Tolbert still refused to talk.

The trial of Hambrick is set for April 20.

Federation of Trades To Probe Raises Asked In Service Rates

Officials of the Atlanta Federation of Trades Thursday announced that their organization, at a meeting held Wednesday night, voted unanimously to conduct an independent investigation of conditions affecting the Georgia Railway and Power company. It was the sense of the meeting that, if all the facts are brought to light, it will be found that the proposed increase in service rates by the power corporation will not be justified.

Additional action urges the city council to send representatives to the forthcoming hearings before the state railroad commission so that the interests of the citizens as a whole may be protected.

CITY DEATH RATE GRATIFYINGLY LOW

Information given out by Dr. J. P. Kennedy, chief health officer of Atlanta, contains figures to show that the death rate of Atlanta is the lowest of any southern city, while not more than a half dozen cities in the whole country can make a better showing. The figures are taken from a government report, and compared with other southern cities, show that with 61 deaths for the week ending last Saturday, Atlanta has a rate of 16.2.

The death rates of other cities in the south for the same period follow:

Baltimore, 28.2; Birmingham, 20.3; Louisville, 22.5; Memphis, 21.3; Nashville, 20.3; New Orleans, 19.9, and Richmond, 19.7. During the period referred to Atlanta had 61 deaths, a number of which, according to Dr. Kennedy, were of non-residents, who were brought to Atlanta hospitals from other cities.

NEW APPROPRIATION NEEDED FOR SCHOOLS

Cost of Three New School Buildings Will Far Exceed the Funds Allowed.

According to estimates that have been made with great care by the architects who have supervised the drawing of the plans for the three new school buildings of Atlanta, an additional appropriation of $60,000 will have to be made in the June finance sheet by city council in order that sufficient money may be provided with which to pay for the construction of the buildings.

The new buildings are to be erected in Oakland City, at the corner of Eighteenth street and Spring street and on Avon avenue, near Lee street, and the amount provided originally for the construction of each building was $15,000. However, building permits that were issued Thursday for the three new schools were based on a cost of $35,000 for each building, or more than twice as much as was at first contemplated.

The increased amount that will be required for the erection of the buildings is chargeable to increased cost of building materials, the high price of labor and other conditions that surround construction work at the present time.

100 AMBULANCE DRIVERS BADLY NEEDED IN ITALY

A telegram just arrived from Washington at the Southern division, Red Cross headquarters, annouces that Captain Utassy, who is attached to the Italian commission, has just arrived from Italy for the purpose of recruiting 100 men as Red Cross ambulance drivers on the Italian front. The telegram states that careful consideration will be given men over 25 who have been rejected by the army for trivial reasons. All cost of equipment and living expenses abroad will be covered by the Red Cross, and transportation expenses will be paid if necessary.

SOCIETY

Script-Dance at Capital City Club This Evening.

A bright social event of this evening will be the benefit script-dance to be given at the Capital City club, under the auspices of the National League for Woman's Service.

Mrs. Wilmer Moore, Mrs. Joseph Rhodes, Miss Hallie Crawford and Miss Madeline Bellinger will be in charge of the entertainment, and tickets may be had from them or purchased at the door.

Among the patrons will be:

Dr. and Mrs. Dunbar Roy, Mr. and Mrs. Wilmer Moore, Mr. and Mrs. W. H. Kiser, Mr. and Mrs. Joseph Rhodes, Mr. and Mrs. Frank Holland, Mrs. Omar F. Elder, Mr. and Mrs. C. C. McGehee, Mr. and Mrs. Eugene Harrington, Mr. and Mrs. James L. Dickey and Mr. and Mrs. Robert A. Smythe.

Mrs. Campbell's Musical Tea.

Mrs. William E. Campbell entertained at a delightful musical tea yesterday afternoon at her home in Druid Hills in compliment to Miss Margaret Rushton and Miss Irene King, brides-elect of this month.

Quantities of wild azalias decorated the reception rooms and a basket of the same flowers forming the centerpiece of the pretty tea table in the dining room.

During the afternoon Miss Hazel Whitney sang several solos, and Miss Genevieve Voorhees rendered several numbers on the violin. Mrs. W. H. L. Nelms was at the piano.

Little Miss Clara Bell King gave several interpretive dances.

Miss Rushton wore a becoming costume of sand colored Georgette crepe, beaded, and her black straw hat was trimmed in sand colored velvet flowers.

Miss King was gowned in tan colored satin and Georgette crepe combined, and her hat to match was trimmed in flowers.

Mrs. Julius Millard, of Louisville, Ky., assisted Mrs. Campbell in entertaining.

The guests included the wedding attendants and a few other friends of the honor guests.

Joseph Habersham Chapter, D. A. R.

The Joseph Habersham chapter, D. A. R., will conduct the restaurant in the basement of the Connally building, beginning today, April 15, and continuing two weeks. As on former occasions, it will be known as "The Pig and the White," and the same attractive menu, homelike cooking, prompt and liberal serving, for which it is so well known, will characterize it.

The proceeds from the Liberty luncheons and dinner served will be used in the interest of the third Liberty Loan, and a liberal patronage is asked. On the opening day Mrs. W. F. Dykes, president, and members of the executive board will be in charge, with a number of pretty young girls to serve.

Atlanta Chapter Meeting.

Quite a large meeting of the Atlanta chapter took place yesterday afternoon at the Woman's club room. Mrs. T. T. Stevens presided, and business report first read.

Mrs. J. C. Henderson, registrar, reported one new member, Mrs. W. R. King, of Elizabeth street, who was accepted by the chapter.

The treasurer, Mrs. L. C. Mathews, gave a very gratifying report, stating that during the month of March over $1,000 had been received—over $500 for the John B. Gordon hospital bed, being included in the amount.

Mrs. A. O. Woodward, chairman of the Soldiers' Home committe, formerly turned over to the custodian of properties, Miss Sallie Melone, the beautiful luncheon cloth, made by the confederate veteran, Mr. Glazier, of the Soldiers' Home, and bought by the Atlanta chapter. It was incidentally reported that a beautiful basket made of raffia, by Mr. Glazier, was presented by Mrs. A. O. Woodward in behalf of the Soldiers' Home committee to Miss Lee, daughter of General Robert E. Lee, on the occasion of the reception at the Georgian Terrace, tendered Miss Lee by the Atlanta chapter last Tuesday.

Miss Sallie Melone reported on her work at Camp Gordon, building 153, stating that the officers' quarters had been comfortably furnished and made attractive by easy chairs and dainty curtains, the curtanis 60 or more, being the work of Mrs. Henry G. Fennell. Miss Melone also reported on the collection of numerous magazines, which she sends to building 153.

Miss Mattie Harwell reported fine work of her committee on mending for the soldiers at Camp Gordon, No. 153.

A letter of greeting from Mrs. C. M. Roberts, vice president general, from Hot Springs, Ark., was read by Mrs. Stevens.

Mrs. Stevens introduced Mrs. W. S. Coleman, chairman of scholarships, and spoke of the good work of Mrs. Coleman during the year in visiting the scholarship schools and keeping in touch with the scholarship pupils in the five schools. Miss Woodberry's, Elizabeth Mather, Washington seminary, Marist college and Stevenson School of Shorthand, Mrs. R. B. Blackburn's School of Expression and Mrs. W. S. Yeates' vocal school.

Dr. Charles O. Jones spoke of the value of these scholarships as gifts to appreciative pupils and of the noble work of the chapter and the schools donating these scholarships to the chapter.

The program consisted of readings by Miss Mamie Gene Coles, and three patriotic songs by Miss Cole's five little pupils, which were charming.

Reading by Miss Lucy Vining.

Reading by Miss Jessie Mae O'Neal.

Vocal duet by Miss Eloise and Lucy Vining, accompanied by Miss Marie Smith.

Mrs. Coleman introduced the scholarship pupil, Paul Lemoine, of Marist college.

At the close of the program, Mrs. Stevens spoke in terms of appreciation to the pupils who made the program so delightful, thanking each one for their part so well done.

Mrs. Sevens also stated that to Mrs. C. Helen Plane was due the credit for establishing the gift scholarships in Georgia, and to Miss Mildred Rutherford belonged the distinction of being the first to give a scholarship.

Mrs. A. McD. Wilson at the close of the meeting spoke very feelingly of the war situation at present and made a motion that the chapter rise and devote a few moments to silent prayer, which was closed by Mrs. C. Helen Plane.

MRS. W. C. KING.

All Saints' Restaurant.

Ladies of chapter No. 10, of All Saints' church, will have charge today of the restaurant in the Connally building. Their friends are invited to come and enjoy a home-cooked dinner or lunch. Mrs. A. L. Dunn, chairman, Mrs. J. O. Mathewson, Mrs. Joseph Cundel, Mrs. C. L. Stoney, Mrs. John Hart, Mrs. J. D. Smith, Mrs. George Wilkins, Mrs. E. H. Shaw, Mrs. Robert Dillon, Mrs. E. S. Ehney, Mrs. Tom Weaver, Mrs. T. H. Hightower, Jr., Mrs. Robert Pringle, Mrs. J. W. Bedell, Mrs. Eula Prioleau, Mrs. J. D. Parmerlee, Mrs. J. Houston Johnston, Mrs. J. N. Harper.

Fowler-Brogdon.

A pretty home wedding took place at the home of Mr. and Mrs. J. L. Fowler, in West End, Saturday evening, April 6, when their daughter, Evelyn Frances, was married to Mr. Louis W. Brogdon, sergeant bugler 326th Infantry band, U. S. A., Camp Gordon. The ring ceremony was performed by Rev. J. F. Edens before members of both families and a small circle of friends.

The only attendants were Mr. and Mrs. William P. Blackmon, brother and sister of the bride.

Preceding the wedding march Mrs. L. E. Owen played "I Love You Truly."

The bride was lovely in a going-away suit of gray, with accessories to match and with a corsage bouquet of bride roses and maiden hair fern. Mrs. Blackmon was gowned in rose Georgette crepe and black hat and carried red carnations.

Immediately after the ceremony dainty refreshments were served. After a short wedding trip Mrs. Brogdon will be at home with her parents, Sergeant Brogdon returning to his duties at Camp Gordon.

Dinners at Parish House Postponed.

On account of the inclement weather Mrs. Wilmer's committee of St. Luke's church will not serve dinners today at the parish house, as announced.

The Agnes Lee chapter, United Daughters of the Confederacy, Decatur, has secured Hon. Sam L. Olive as orator on Memorial day, April 26. Mr. Olive is president of the Georgia senate and a graceful and forceful speaker. He cherishes the matchless spirit of the days of the sixties and appreciates fully America's part in the present crisis. His appeal is that every American must measure up to "one hundred cents in the dollar" in all war activity claims.

Mrs. William Alden, president of the Agnes Lee chapter, Decatur, and the chapter are to be congratulated on their choice of an orator.

Reception to M. Bonnet.

A beautiful occasion lats night was the reception tendered M. Joseph Bonnet, the distinguished French organist, by Commander and the Countess Jean de Reviers, at their home on Ponce de Leon avenue.

The reception followed the brilliant recital given by M. Bonnet at the Auditorium under the auspices of the Georgia chapter, American Guild of Organists. Invited to meet him were sixty guests, including the members of the guild in Atlanta.

The house was gay with spring flowers, and a delicious buffet supper was served from a long table in the dining room.

Major de Beaurieux assisted in receiving, and the guests were:

Mr. and Mrs. H. M. Atkinson, Mr. and Mrs. Reuben R. Arnold, Major and Mrs. Boyden E. Beebe, Mr. and Mrs. John F. Gatins, Jr., Lieutenant Colonel and Mrs. Hugh J. Gallagher, Mr. and Mrs. John W. Grant, Dr. and Mrs. Thomas P. Hinman, Mrs. Richard W. Johnston, Mr. and Mrs. Delancey Kountze, Mr. and Mrs. Robert F. Maddox, Mr. and Mrs. John M. Slaton, Lieutenant Colonel and Mrs. John R. Thomas, Mr. and Mrs. Albert E. Thornton, General and Mrs. Cronin, Mrs. Eben G. Swift, General and Mrs. W. P. Burnham, Mr. and Mrs. Lee Douglas, Mr. and Mrs. S. T. Weyman, Lieutenant Colonel and Mrs. Martin, Mr. and Mrs. Rix Stafford, Mrs. F. L. Stevens, Captain Morehouse Stevens, Mrs. Charles F. Thompson, Major and Mrs. John F. Daniell, Mrs. R. A. Johnson, Captain G. L. Johnson, Captain and Mrs. Kenelm Winslow, Mr. Lea Edwards, Mr. and Mrs. Frank Callaway, Mr. and Mrs. E. M. Horine, Miss Slaton, Colonel and Mrs. William L. Peel, Mr. Walter Peck Stanley, and others.

Miss Howry's Coming.

Miss Elizabeth Howry, of Washington, prominent concert singer, who is to give a recital Thursday evening, April 18, at Cable hall under the auspices of the Music Study club, will be the guest while in the city of Mrs. John K. Ottley at Joyeuse.

If Miss Howry's engagement permit her reaching Atlanta in advance of her recital here, Mrs. Ottley will entertain a few friends at afternoon tea in her honor.

Urgent Call.

The Catholic Ladies' Auxiliary to the Red Cross will hold their regular workday from 9 to 5 today in the Sacred Heart church parish hall.

It will be necessary to complete one thousand bandages in response to an emergency call, and a large attendance is urged. The ladies are asked to bring their own scissors and thimbles.

Mrs. H. Fenton Luckett, Mrs. C. A. LaHatte, Mrs. C. Hewlett and Miss Alma Higgins will be in charge.

GOVERNOR DORSEY TO PRESENT EMORY UNIT FUND TONIGHT

Governor Dorsey will present the emergency fund which has been raised by a group of Atlanta citizens as a gift for the Emory base hospital unit, now in training at Camp Gordon and soon to go to France.

The fund has been contributed by friends of members of the unit from many states and communities and from people of all ages and sympathies.

Beside the fund the southern division of the Red Cross through the Atlanta Red Cross house will present to the men of the unit a sweater, two pair of sox and a comfort kit, while similar gifts will be made to the nurses.

The hospitality of the Atlanta chapter of the Red Cross will be represented in the entertainment to the unit which takes place at the Piedmont Driving club Friday night at 8 o'clock, the occasion the assembling of the members of the unit and their friends.

Wednesday Next Named as Tag Day For Sheltering Arms Association

Tag Day, Wednesday, April 17.

Atlanta people have come to look upon this annual gift day for the little folks of the Sheltering Arms as a day of privilege; as a happy opportunity for that heart-warming feeling which comes from doing good.

Mrs. E. E. Dallis, president of the Sheltering Arms association, is chairman of the day this year, and is busy marshaling her committees to gather the contribution which come always from the Atlanta public for this charity, with a cheer that is scarcely equaled in the giving for any other cause.

"The demand for the children we shelter is going to be heavier this year than ever before," said Mrs. Dallis, yesterday, in announcing the date for the tagging.

"The past year has been the hardest we have ever had, because of the severe winter, and the high cost of fuel, food and clothing. And so our funds are exceptionally low.

"We are taking care of six hundred children daily in the five nurseries located in different sections of the city.

"The number is increasing, and will continue to increase with the addition of soldiers' children. The men are gone to France, or are in camp, and their wives have had to go to work. The children must be cared for. It would be a neglect just as inexcusable as neglect of the soldiers if we who stay at home did not see that their little ones are given the best chance to grow up healthy little citizens.

"We know that we can look forward with confidence to the assembling next Wednesday of the funds for the next year's comfort of our little charges, given thus their chance—which is their right—to live."

Announcement will be made at an early date of the committees who will do the tagging, and of their location.

Fulton County Unit of Defense Back of Food Conservation Work

At a meeting of the central committee of the Fulton county unit, Council of Defense, held yesterday morning in the federal courtrooms, Postoffice building, Mrs. Charles J. Haden, the chairman, presiding, reports were read relative to many activities in which the women of the unit were interested.

Mrs. Walter Howard, secretary, read the minutes of the last meeting. Mrs. John S. Spalding, treasurer, made an interesting report of the part the unit took in the war conference held here by call of the Georgia division, woman's committee, Council of Defense. The Fulton county unit was the hostess organization for the conference when the visiting delegates were entertained in Atlanta homes, and when the unit entertained at a luncheon at the Druid Hills club.

Miss Floy Shannon, the Fulton county home demonstration agent, submitted a plan through which that important work can be practically aided by the Fulton county unit as an organization.

Miss Shannon's work includes the direction of the poultry clubs, the county gardens, food production and conservation along all lines, bread making and the use of food substitutes.

There are many ways in which Miss Shannon's work may be promoted and pushed by the women of every community in the county, Mrs. Haden and Miss Shannon pointed out, and a plan of work looking to this was decided upon.

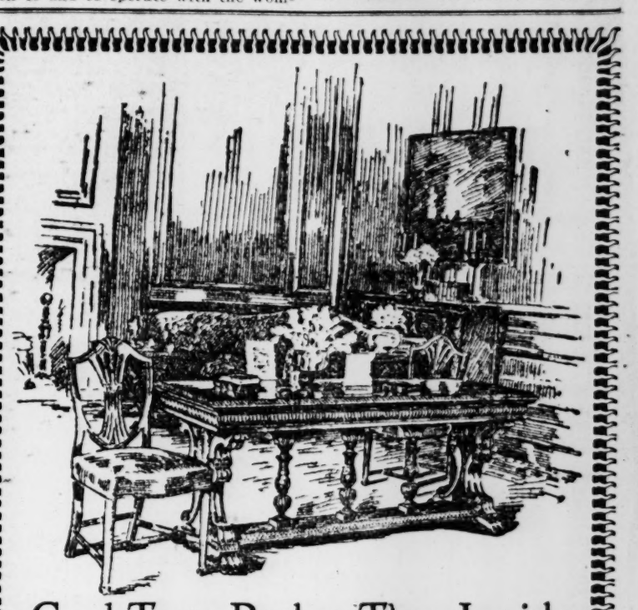

Mrs. John Purser, chairman of the "moment of prayer" movement, reported that in every community of the county she had received co-operation. Manufacturing plants blow their noonday whistles three times, that their employees join in the movement. It is the hope of the committee that the observance will find its way into all schools, offices, business institutions and homes in the county, the purpose, a prayer for the winning of the war.

Mrs. Samuel M. Inman, representing the state council and woman's committee, Council of National Defense, thanked the unit for their splendid hospitality during the war conference held here, and reported an impetus given the patriotic work of Georgia women since that time.

She urged that the county unit push the child saving campaign in co-operation with the county units of the Georgia division, Council of National Defense, as that is the special work the government has asked the women of the nation to do through the woman's committee, Council of National Defense.

The Fulton county unit will stand back of and co-operate with the women's Liberty Loan committee of the city and county, according to the request of the woman's committee, Council of National Defense, Dr. Shaw chairman. All county council chairmen will co-operate in the sale of bonds by working with the county Liberty Loan committees.

Good Taste Rather Than Lavish Expenditure Is All Important in

Interior Decorating

SUCCESS in interior decorating depends on the harmonizing, the co-ordination, of little things: the choosing of draperies, painstaking care in the selection of a rug, the proper placement of an odd chair, deciding upon a unique bit of pottery—all to the end that every detail that goes to make up the whole is right.

FIRST-CLASS interior decorating service is what Rich's is in position to place at the disposal of its patrons. A decorator who is a real artist is at the head of our Interior Decorating Establishment. Under his critical supervision, the work is executed by a corps of capable craftsmen.

MOREOVER, we have a splendid collection of hand-painted leather screens, lamps, mirrors, console tables and other odd pieces of furniture, together with some fine drapery and upholstery fabrics and no end of decorative objects for the embellishment of homes.

TO ENLARGE the scope of our Interior Decorating Establishment, to make it more useful, it has at its disposal the resources and stocks of our Rug, Drapery and Furniture Sections

Be it large or small—a room to refinish, an entire new home to decorate, a club or semi-public building that is to be furnished—we should like to have a hand in it. For we have every facility to do the work not only artistically; but expeditiously and at moderate cost.

PERHAPS you will need only a hint or a suggestion to set you right on some knotty little decorating problem. Such advice you can get here, and it is yours for the mere asking. We suggest a personal visit to our Interior Decorating Establishment, on the Third Floor. Or a telephone call—Main 3132—will bring a member of our staff to your door.

Pupils' Recital.

Miss Alice Wright Bonnell will present the following pupils in a recital at her home studio, 66 West North avenue, this afternoon at 3:30 o'clock. Friends are invited to attend. The following will take part:

Mary Matheson, Elizabeth Norman, Marion Bonnell, Louise Hancock, Elliott Evins, Julius McCurdy, Hammett Munger, George McCullough, Edgar Sullivan, Miss Clara Bennett, Miss Kate Koch and Mr. Themistocles Routsos.

Embry-Foy.

Mr. and Mrs. William B. Embry, of Villa Rica, Ga., announce the marriage of their daughter, Willie Maude, to Mr. Walter C. Foy, formerly of Hammond, Cal., the ceremony being performed Monday evening, April 8, by Rev. J. J. Branson. After April 15 Mr. and Mrs. Foy will be at home at Tallulah Falls, Ga., where Mr. Foy has accepted a position with the Georgia Railway and Power company.

Business Woman's League.

On account of repairs being made to the First Methodist church, the Business Woman's league will not hold its regular monthly meeting until Friday, April 19, when all members are urgently requested to be present.

Atlanta Home Garden League Awards.

Mr. H. G. Hastings and Mr. Price have offered a new incentive to the members of the Atlanta Home Garden league for 1918.

A one week's stay, all expenses paid, at experiment station, will be given to two boys who are in earnest and wish to learn practical gardening.

Every boy in Atlanta from 12 to 18 years old is eligible to membership in the league, and is cordially invited to confer with Miss Beaufort Mathews, president of the Atlanta Home Garden league for the city federation.

Dues are 25 cents a year.

Registration hour, 2 to 4 p. m. every Saturday, on the first floor of The Constitution building.

Parents are urged to register their names and addresses on the senior list.

Uncle Sam wants to know where we stand.

Those having a garden on vacant lots may also register with Miss Mathews, who will hand these names to Mrs. Alfred Wilson, chairman of vacant lots for the city federation.

Letters and cards may be addressed to "The Department of Home Gardens," Atlanta Constitution.

Boys and Girls in Big M. P. E. D. at Auditorium.

A drill, unique to the majority of Atlantans, in the program of the municipal physical educational demonstration, to be staged at the Auditorium-Armory on Friday night, April 19, will be the Swedish pole drill, to be performed by fifty-four boys of the Technological High school. The boys will be uniformly dressed in dark trousers and white shirts. They will have poles 16 feet long, with six boys on each pole at regular intervals. At the command, the poles are lifted by the six boys, with which they execute many intricate maneuvers. This drill is an adaptation on the drill used in Sweden extensively in training school children. It promotes strength and grace, quickness, obedience and, above all—team work. The boys have been trained by Professor J. H. Lewis, Mr. R. J. Thelsen and Professor Hemke.

Girls' High School.

The Girls' High school demonstration will be typical of the physical and recreational program carried out the year round by pupils of the school. It will be in three parts. First, the girls will go through a series of marching tactics, in which a squad of about a hundred, dressed in black bloomers, white middies, black stockings and white tennis slippers, will be drilled to military commands such as "About face!" "Forward, march!" etc. Next, they will go through a drill known as "floor work," which is nothing more than "setting up" exercises adapted to execution by girls. Last, will be a basketball relay race. All these will show how girls are taught to stand well, walk well, be healthy, graceful and generally fit.

Dance for Soldiers.

At the tea-dance on Saturday afternoon at the Woman's Service league the Julia Howell auxiliary to the Home for Incurables will have charge. Miss Marjorie Brown is president, the other members being:

Miss Helen Jones, Miss Isabel Kuhrt, Miss Irene Austin, Miss Nancy Hill Hopkins, Miss Elizabeth Dunson, Mrs. Stuart Witham, Mrs. Marion Smith, Mrs. Milton Dargan, Jr., Mrs. Brooks Morgan, Mrs. George McCarty, Jr., Mrs. Hugh Scott, Mrs. Clarence Knowles, Mrs. Edward Lewis, Mrs. Dugas McClesky, Mrs. Rucker McCarty, Mrs. James Reeves, Mrs. Charles Shelton.

On account of the crowded condition it has been found necessary to issue invitaations, and the ladies are requested to bring their cards with them.

Grey-Abel.

The marriage is announced of Miss Lois Grey and Lieutenant George R. Abel, of Philadelphia, on Saturday, April 6, at the home of Lieutenant Frank Hendry, Howard apartments, on West Peachtree street, the Rev. W. W. Memminger officiating.

Aviation Officers Entertain

A very delightful occasion of Wednesday evening was the informal dance given at Druid Hills Golf club by a group of officers from the school of military aeronautics at Georgia Tech. Those present were:

LUXURY FOR SORE FEET

Skin specialists have discovered that painful, perspiring and swollen feet with corns, bunions and ingrowing nails are all caused by germs which grow in the pores of the skin, causing decay of the cuticle, irritation, rawness, eczema, inflammation and odor. These germs are instantly destroyed by Eucapine, the antiseptic healing salve applied after bathing at bedtime. It draws out all the inflammation and soreness before morning, destroys the germs and restores healthy condition to the skin and nails.

It is explained that ingrowing nails do not really grow down into the flesh, as supposed, but that the flesh, being swollen, is pressed up over the nails. The Eucapine takes out the swelling and inflammation, destroys the germs and the trouble disappears. Corns and bunions gradually disappear in the same manner by removing the cause.

Eucapine is the modern scientific treatment for pain, inflammations and germ infections of the skin and mucous membranes and has many daily uses in every home. Ask your druggist to order you a large family jar which costs only twenty-five cents.—(adv.)

Grandma Talks About Babies

Has a large Circle of Listeners Who Profit by Her Wisdom and Experience.

In almost any community there is a grandma who knows Mother's Friend. Not only is she reminiscent of her own experience, but it was through her recommendation that so many expectant mothers derived the comfort and blessing of this famous remedy.

Mother's Friend is an external application prepared especially for expectant mothers after the formula of a noted family physician. It certainly has a wonderful effect in relieving tension brought about by expanding muscles, and is a most grateful encouragement to the woman awaiting motherhood.

The action of Mother's Friend makes the muscles free, pliant and responsive. When baby arrives they expand easily, and pain and danger at the crisis is naturally less.

Strain upon the nerves and ligaments is lessened and in place of a period of discomfort and consequent dread, it is a season of calm repose and happy anticipation.

Mother's Friend enables the mother to preserve her health and natural grace and she remains a pretty mother by having avoided the pain and suffering which more often than otherwise accompanies such an occasion when nature is unaided.

Write the Bradfield Regulator Co., K-46, Lamar Bldg., Atlanta, Ga., for their "Motherhood Book," so valuable to expectant mothers, and in the meantime do not by any chance fail to purchase a bottle of Mother's Friend from the druggist and thus fortify yourself against pain and discomfort. Mother's Friend should be applied night and morning with the utmost regularity.—(adv.)

HIGH-CLASS DENTAL WORK

J. K. McCall Says the One-Price Dental Office Did the Most Perfect Piece of Work That He Has Ever Known.

"My plate is perfect. It is comfortable, easy and almost as good as natural teeth. The bridge work is simply perfection. Several high-class dentists have told me that the job was neat and worth more than double what I paid for it. You did me the most perfect job I have ever known done by any dentist." This is the way Mr. J. K. McCall, 456 Piedmont avenue, Atlanta, feels about the dental treatment he received at the One-Price Dental Office, 104½ Whitehall street, corner of Mitchell. And that's what they all say—superior dental work at lowest prices. Best gold crowns, $3; bridge work, $3 per tooth; finest set of teeth money can buy, $5. If your teeth need attention, go to the One-Price Dental Office for an estimate before having the work done. Call any time. Sunday office hours 9 to 1.—(adv.)

Mlle. Celine Rott, delegate from the French-American committee of the fatherless children of France, who will arrive Saturday to place her cause before Atlanta people. She will address a general meeting Monday afternoon called by Mrs. W. L. Peel, chairman for Georgia of the National League for Woman's Service.

Lions, Tigers, Apes In Big Super-Film Coming to Atlanta

If one could look into the bill room or advertising department of the Rialto today one would think that the biggest circus in the world was coming to that picture theater instead of another big super film, which the management are announcing as the one that gave Broadway its first satisfactory thrill in 12 long years. Posters and photographs of leopards, wild boars, jungle creatures of every kind, but mostly of huge apes, with one of a massive elephant looming greater than it even really is in the semi-darkness of the bill posters' room, while a startling and lifelike figure of a most wonderful appearing white man garbed in the pride of perfect physical manhood and a tiger skin girdle. English aristocrats, sailors and some very attractive women (that is photographs and posters of these only remember) all smile and convince one with their charm and interest that the coming film production of Edgar Rice Burroughs' wonder story of weird adventure in African jungle, will even surpass the written word in interest and spectacular "pep," and that "Tarzan of the Apes" will repeat the success we are told it enjoyed for 12 weeks in the Broadway theater, New York.

CROWDS STILL WAIT TO SEE "KAISER" FILM

PERFORMANCE FOR CHILDREN.

In order that the school children of Atlanta may have an opportunity to see "The Kaiser: The Beast of Berlin," a special performance will be given on Saturday morning at the Rialto theater at 9:30 o'clock. Children will be admitted for 15 cents.

Thursday witnessed no decrease in the attendance of Atlantans at the Rialto theater to see "The Kaiser, the Beast of Berlin," which has made a phenomenal run at this theater since Monday, and which is stirring audiences as they have never before been stirred by a film.

The house was thronged throughout the day and night, long lines of enthusiasts lining up in the street awaiting places in the theater. The picture is a distinct and telling blow against the principals of autocracy and ruthlessness for which the German government stands today, and it is doing much to fire Americans on to victory. Atlantans have two more days to see this picture before it closes its run in the city, and indications are that the rush established during the first part of the week will continue throughout its appearance.

Meeting at Willacoochee.

Willacoochee, Ga., April 11.—(Special.)—A meeting will be held at this place Saturday, April 13, in the interest of the Third Liberty Loan, the quota for this place is $25,000, the greater portion of which has been subscribed.

An address will be made by Hon. Frank Saffold, of Swainsboro, and by a Georgia soldier who fought in the Canadian army in the present war, having been wounded twice and receiving an honorable discharge.

Southern Women Working Hard For the Third Liberty Loan

APPEAL TO WOMEN.

Women of America, the country is looking to you to win the war! You hold the family purse. Your purchases determine the household scale of living. Your influence is paramount in the home. You are going to be the most potent factor in making the third Liberty Loan a big success. Mobilize your household—make it a war unit, whose every effort and sacrifice will count for victory. Save, and put the family savings into Liberty Bonds. Liberty Bonds mean guns and shells and supplies to win the war now. Liberty Bonds save lives—the lives of our own sons. See that every member of your family owns a Liberty Bond.

Mrs. Haynes McFadden, chairman of the woman's Liberty Loan committeee in the sixth federal reserve district, was enthusiastic Thursday over the reports she is receiving from women chairmen in the southern states.

"Mrs. Solon Jacobs, chairman for the Alabama woman's Liberty Loan committee, reports that the Birmingham women sold on Monday $333,000 worth of bonds," stated Mrs. McFadden.

"Mrs. W. S. Jennings, of Jacksonville, chairman for the Florida woman's Liberty Loan committee, reports that forty-seven of her fifty-two counties have completed organizations.

"Mrs. E. I. Fitzpatrick, of Madison, chairman for the Georgia committee, has already reported the actual sale of $85,950 from three counties through the woman's committee.

"Mrs. Guilford Dudley, of Nashville, chairman for the Tennessee woman's Liberty Loan committee; Mrs. R. L. McLaurin, of Vicksburg, chairman for the Mississippi Woman's Liberty Loan committees, and Mrs. Laurence Williams, of New Orleans, have as yet sent in no reports of their sales, but have deluged me with requests for application blanks, which leaves me to believe that their women are very active."

French Woman to Make Address Here On "Fatherless Children in France"

"The Fatherless Children of France" will be the plea of Mlle. Celine Rott, who arrives in Atlanta Sunday as a delegate from the French-American committee of the "Fatherless Children of France," and will address a meeting of Atlanta people Monday afternoon at 4 o'clock at the Capital City club.

She has been invited to appear under the auspices of the National League for Women's Service, and will be the guest while in the city of the president of the League for Georgia, Mrs. William Lawson Peel.

"The message Mlle. Rott will bring us is distinctly a 'Win the War Message,'" said Mrs. Peel, in announcing the coming of this young Frenchwoman.

"Her mission is the promotion of the movement by which French war orphans are being supported by American generosity, while the children are enabled to remain at home, where it is possible, with their mothers.

"But she does not confine her interest to the work of the 'Fatherless Children of France,' she speaks everywhere that it will help any of our war relief sage is, of course, most vitally interesting to our Red Cross associations. She has also spoken from pulpits, before Sunday schools, surgical dressings committees, as well as the important chambers of commerce, Rotary clubs and luncheon clubs and associations of business men. All of these people want to hear the things she has to say, and write me enthusiastically about them. We all feel that the coming to this country of people of her caliber to help us win the war is a great bit of service."

Mrs. Dempsey Warner, chairman of the Nashville, Tenn., branch of the French-American committee, will arrive on Saturday, and will also be the guest of Mrs. Peel.

At the meeting Monday Mrs. Warner will tell of the extensive work of the Nashville women in promoting the adoption of French war orphans, which implies their support in the homes of their mothers.

Mrs. Peel will announce shortly the committee of prominent Atlanta women who will act with her in securing an adequate audience for the Monday meeting.

Junior League School of Household Arts Will Open Spring Session Here on Monday

The spring session of the Junior League School of Household Arts will begin on Monday, with classes in advanced and elementary cooking, Hoover cooking, bread and cake-making, Red Cross dietetics and canteen work.

Expert teaching will make the completion of any class mean efficiency in that particular line, and moderate prices have been fixed for the classes.

A Patriotic Institution.

The entire scheme of work is perfectly in accord with war-time principles, of preparedness, efficiency and economy, and the junior league, in providing this opportunity for such preparation, is demonstrating the highest type of patriotic service.

The hours for classes are—Elementary cooking: Monday and Thursday mornings from 9 to 11 and 11 to 1.

Red Cross Dietetics: Monday, Wednesday and Friday afternoons, 3 to 5.

Advanced cooking: Tuesday and Friday mornings, 9 to 11.

Hoover classes, which will teach the preparation, in a most attractive manner, of the substitutes for foods to be conserved, Tuesday and Friday mornings, 11 to 1.

Cakes and break making and canteen classes will be set for Wednesdays and Saturdays.

On Tuesday and Thursday evenings, from 6 to 8, there will be classes for social service work, under the Associated Charities, graduates of these classes to take their information into the homes in the course of their relief activities.

The classes in all lines are filling up, and all registrations are urged to be made before Monday. If any considerable number of applicants desire a change in the days or hours announced, the change can be made.

The advanced and elementary cooking courses are for six weeks; the tuition, $10. The special Hoover classes for the same length of time are $8.

The break and cake making classes, which include every style, are six lessons for $3.

Completion of the dietetics and canteen courses places the graduate at once on the waiting list for service.

COMMITTEE TO WORK TO IMPROVE HEALTH

At the meeting of the directors of the Atlanta Chamber of Commerce Thursday morning, H. M. Willet, a member of the joint health committee of the chamber of commerce, reported that a committee of 96, representing 32 commercial bodies in the city, had organized and is now co-operating with officers of the United States public health service and the city health department.

Mr. Willet stated that it is the purpose of this committee to work earnestly and continuously in improving health conditions in Atlanta to make this city a model in this respect. W. B. Willingham is chairman of the joint health committee.

POOLE LEAVES ATLANTA FOR INDIANAPOLIS JOB

Willis G. Poole for four years chief clerk of the Ansley hotel, has resigned to accept a position as assistant manager to William R. Secker, of the Hotel Lincoln, of Indianapolis, Ind. Mr. Secker was at one time manager of the Hotel Ansley. Mr. Poole has been in the hotel business in Georgia fourteen years, during which time he has become widely known throughout the state in hotel circles. He was the first president of the "Southern Greeters," an organization of hotel clerks.

Charles A. Creighton, an experienced hotel clerk from Florida, probably will succeed Mr. Poole.

POLICE COMMITTEE POSTPONES MEETING

The police committee of council, which was scheduled to hold its regular meeting Thursday afternoon at the city hall for the consideration of applications for licenses and permits from rooming houses and hotels, and the various other matters that would come before the body, did not materialize, being called off by Chairman Little after a conference with the police department.

The investigation committee will meet this afternoon at 3 o'clock in the city hall, but will in all probability be in executive session all the time, admitting neither the public nor newspaper men. No information has been given out as to what would be considered at the committee meeting.

COMPTROLLER'S OFFICE GETS MANY TAX REPORTS

A total of 110 tax collectors have reported to Comptroller General Wright since April 1, and in every case the returns show increases. The recently enacted law penalizing collectors for failure to make final settlement before April 20 has resulted in a deluge of reports to the comptroller general's office, and General Wright anticipates that every report will have been made before the expiration of the time given.

ILLINOIS MAY HAVE IT!

Having abundantly earned it during the past year, Illinois is welcome—"thrice welcome"—to the title of "banner mob-law state of the union."

Illinois newspapers, especially The Chicago Tribune, have in the past insisted upon according that doubtful honor to Georgia, and they have never missed an opportunity to cite, and magnify, when necessary, statistics to prove Georgia to be the champion lyncher of America.

And, in frankness and candor, we have been compelled to admit that manifestations of outlawry on the part of a minority element of our citizenship were in past years of frequent enough recurrence to stigmatize the whole state and weaken the arm that would raise itself in the state's defense against the indictment. We have, in other words, been compelled to grant that there was a measure of justification back of the award, and to submit to the odium that accompanied it.

However, things have happened during the last year! In the north, in Illinois, things have happened—things in which law, order, temperance, reason, moderation, played no part, but with which disregard for the law, of the courts, of order, and anarchy, passion, brutality and booze had all to do. And if it were needed, certainly the incident afforded by that disgraceful Collinsville lynching a few hights ago was sufficient to clinch for Illinois the title that Illinois has in the past been so vehement in foisting upon Georgia!

The enormity of that disgraceful tragedy becomes more and more apparent and staggering as the details are brought out at the coroner's inquest. It appears that, under the leadership of a full-grown man who had worn the uniform of his country, the hands that pulled the rope that choked the life out of the accused man, Prager, were those of boys "from 12 to 16 years old!" That the whole mob-plot was brewed, and the mob recruited, in the town saloons; that most of the members of the mob were drunk, and knew nothing of either the name nor the identity of the man to be lynched, nor of the accusation against him; that the dying requests of the doomed man was that he be permitted to write a message to his father and mother, and that his body be buried in the folds of the American flag!

Such, at least, was the sworn testimony of the confessed leader of the mob, who said that "I was drunk, and because I had been in the army the crowd made me the big man in the affair, and I guess I was sort of puffed up over that!"

Georgia is, and has every reason to be, heartily ashamed of her lynchings of the past—now becoming more and more infrequent. In the case of our northern neighbor and chief detractor, Illinois, they are becoming more and more common.

This has been going on until now a point has been reached whereby Georgia feels amply justified in graciously yielding the palm—granting that it was Georgia's to yield—to Illinois; and it is with self-pride, but with sorrow for Illinois, that Georgia bows itself out of the lynching calcium-light and hails her sister of the Great Lakes as the premier mob-state of America!

BUY REASONABLY.

In a recent address to retail merchants, Charles W. Mears, of the Winton company, Cleveland, Ohio, stressed the fact that "the United States faces war with abundant resources and ample ability to see the struggle through to a victorious finish;" but, he said, "it is possible to make bunglesome use of resources and of ability, and that is precisely what we shall do unless we arouse ourselves to the peril of the incessant cry of 'save, save, save,' of 'deprivation,' of 'personal sacrifice,' and of 'traitor dollars!'" And he paid his respects to "penny-pinching and shabby overcoats," saying, "pursue them to their logical ends and you reach destitution; and the logical end of destitution is defeat in war!"

The burden of Mr. Mears' argument is that the purpose of the government can be best subserved, and its objective in this war can be most certainly and most expeditiously attained, if the wheels of business and of industry are kept turning at top speed and the country kept in a healthy, prosperous condition.

He reasons that this cannot be done unless the people continue to patronize the retail merchant, thus enabling him to continue to patronize the wholesale dealer, so that he can keep the manufacturer busy, to the end that the manufacturer can continue to call upon the fountain head of production for a steady flow of raw materials. Meanwhile, of course, everybody would be financially happy and there would be a continuous source of ready money all down the line, upon which the government could draw its requisite sinews for the prosecution of the war.

There is a whole lot of hard sense in that line of reasoning.

The country found early in the war that the "business as usual" policy had to be abandoned—or, at any rate, modified. But there is, indeed, grave danger, as Mr. Mears shows, in going too far in the opposite direction.

Therefore, a happy medium between the two extremes should be struck. In other words, the American public can serve best by pursuing a fiscal policy governed by reason, temperance and moderation. It should be frugal, not miserly; thrifty, not parsimonious. There is such a thing as being saving to the point of extravagance; and to steer clear of either extreme, and to keep business active, the average citizen should make it a rule—to be rigidly adhered to for the duration of the war—to buy what he actually needs, but nothing to waste.

And every man who can should, first of all, **buy a third loan Liberty Bond!**

GEORGIA AND CORN.

Within the last week or two large quantities of corn and corn products have been condemned by the federal administration as being unfit for consumption, and considerable loss to somebody—presumably the retailers in whose possession the damaged goods were seized—was suffered.

It is charged that all of the foodstuffs condemned had been shipped into the state from the north and west.

All must commend the authorities for their action, bespeaking as it does a gratifying degree of alertness to safeguard the public health and pocketbook; and at the same time righteous public sentiment will just as readily condemn any merchant who would knowingly sell as first-class a damaged grade of goods.

But the whole occurrence, of which, it is to be hoped, we have heard the last, suggests this question:

Why was this, or any other, corn shipped into Georgia?

What is the matter with Georgia corn?

"Why is it necessary," asks O. L. Cowan, a Doraville (Ga.) miller, in a communication presented in another column of this page, "to go to the west and buy this damaged corn" when "there is plenty of sound corn right here in Georgia?"

The point is well taken; and, if there is plenty of sound corn in Georgia that is spurned by the merchants of Georgia because, for some reason, they prefer patronizing western dealers, those who were caught with the damaged goods on their hands are entitled to scant sympathy.

And if there is not plenty of corn produced in this state there certainly should be, for it has been a matter of common knowledge for years that Georgia can produce as fine a grade of corn as can be grown in any state in the union.

In this time of stress, when it is of national necessity that the country's transportation facilities should be relieved of every possible ounce of burden, it is almost criminal to impose upon them the unnecessary burden of hauling corn into Georgia.

Bringing corn to Georgia suggests the time-honored comparison of "carrying coals to Newcastle!"

Not a pound of corn, nor of pork, nor of beef, nor of mutton, nor, for that matter, of any form of foodstuff, should, of necessity be shipped into this state.

And Mr. Cowan is right: So long as Georgians prefer western grown foodstuffs to those produced at home and of even a superior quality it is going to continue to be an uphill undertaking to get Georgia out of the one-staple, all-cotton, rut!

Roasts the Miserly and Unjust Policy on Which City Operates

Editor Constitution: Your editorial of a few days ago regarding the forced resignation of Miss Laura M. Smith, who has given such competent, faithful service to the city, deserves the thanks of every citizen who has the interest of Atlanta at heart, and desires an efficient government of its affairs.

To an outsider it must certainly appear that Atlanta is a city being governed in a manner that would indicate that its citizens still think of it as a village, and elect their representatives accordingly. Small wonder it is that talk of bond issues meets with so little approval under the present system of management of the city's affairs.

Nor does the fault lie entirely with the system. Witness the action of the members of city council in the matter of the city warden's position; a position which has heretofore commanded a salary of $150 per month, certainly a reasonable one, considering the ability necessary to administer it, and the responsibility attached thereto.

Upon the death of the incumbent, his assistant is appointed to fill the vacancy. But in this instance the new appointee is a woman. Is she given a salary in keeping with the position? With a fine disregard for her years of service to the city, and her fitness for the position, the members of council solemnly turn down her request for an increase in salary to only $100 per month, on the ground that this is too much money for a woman to be paid, and she must continue to serve the city for the magnificent salary of $55 per month, or seek elsewhere.

With such a narrow-gauge policy in control it is not hard to find the source of the opposition to every movement for an efficient, up-to-date style of government, nor, under the present system, can we expect efficient men to volunteer for office. Truly, it is "For shame on such a system."

How much longer will Atlanta sit with folded hands?

ART ASSOCIATION GIVES INDORSEMENT TO POSTER CONTEST

The Atlanta Art association at a meeting yesterday afternoon adopted a resolution introduced by Robert L. Foreman indorsing the poster contest inaugurated by the National War Savings committee to enlist the interest of school children and art students in drawing posters to be used in promoting the sale of Thrift Stamps.

The resolution pledged the support of the association to Mrs. E. W. More, treasurer of the association, in her efforts as chairman of the contest for Georgia to secure the co-operation of school teachers throughout the state.

Mrs. More has sent out 500 letters to school principals and teachers requesting them to invite their children to draw posters for the contest, and will probably follow this up with a reproduction of some of the posters drawn by Atlanta school children and art students to show them the class of work expected.

Of course the war savings committee does not expect the children, or even the art students, to draw such perfect posters as Harrison Fisher or Herbert Paus or other famous artists have drawn for Thrift Stamps, the Liberty Loan and other war activities. It expects the young people to draw posters in keeping with their talents and training, and it would not think of putting these amateur efforts in competition with the work of great artists.

Hence, no boy or girl, and no school teacher, should feel reluctant because of the mistaken idea that the children and art students are not qualified to draw the sort of posters wanted. Prizes ranging as high as $200 will be awarded the winners, and a number of the best posters will be selected for use in the Thrift Stamp campaign throughout the country.

GERMANY TODAY

★ ★ ★ ★ ★ ★ ★

The Spirit of the German People

BY BLANCHE SLOCUM

(Copyright, 1918, for The Atlanta Constitution.)

Broadly speaking, the great difference between Americans and Germans today is this: We are openly at war with the German imperial government, they are secretly at war with the German imperial government.

While aristocrats and militarists still support Prussianism, the masses do not. Their hatred grows. It is genuine. The manufactured hatred against America has subsided considerably. The sincere, deep hatred against the German imperial government amounts to nothing less than veiled mutiny.

When I crossed into Switzerland on my way home in January, 1918—the last American out of Germany—I was still considered "dangerous." I owed my escape from Germany to wire pulling by the Spanish embassy and by two influential Germans.

Looked on as Dangerous.

I was considered dangerous not because I was in a bad temper, though I might well have been, for I had seen my musical career in Germany cut short and the 12 German operas I had learned made useless by war between Germany and the United States, but because my four and a half years in Germany enabled me to become the bearer of dangerous news. Especially dangerous was my knowledge of the rebellious spirit among Germans and their dwindling hatred for America.

I had seen bread riots. I had known of women shouting in the streets of Berlin, "Down with war! Down with the government!" and scattering pamphlets filled with anti-government propaganda. I had repeatedly heard soldiers exclaim, "O to be taken prisoner! Anything to get out of Germany!" I had seen rich Germans take sides with the social democrats. Over and over again I had heard working people say, "Nice, isn't it? for our masters to sit in their chairs and tell us to fight it out; we're the dogs and the slaves!"

Reward Offers Posted.

I had seen notices posted up in Berlin offering 3,000 marks reward or evidence leading to the conviction of anyone speaking against the government. The proclamation concluded with, "Sad to say, many of these spies are men wearing field gray uniforms." Many Germans had said to me, "You don't know how people feel; we don't dare open our mouths; if we did we'd we put in jail." More than once soldiers had told me they hoped Germany would lose the war, they hated the government so.

This was news. It still is. It reflects a very recent change of feeling and almost as recent is the change of feeling toward America. I well remember the taunt, "American ammunition!" in all the papers and in common talk. I remember the hatred it engendered. Early in the war I often heard such epressions as, "My boy has been killed by an American bomb and I hope to live to get revenge." A popular play in Berlin showed a German-American making ammunition to kill his brother in Germany. President Wilson was cartooned wading in blood with money bags on his back. In one cartoon he was kissing a Chinaman.

Americans Called Beasts.

When we entered the war the papers called us beasts, and, said we were in for revenue only, and the German people hated us because our action prolonged the war, but it seemed to be that much of their talk was insincere. It changed enormously as time went on.

Professor Bonn, who had taught in America, came out with articles on the American point of view regarding submarine warfare, and a German woman said in my hearing, "If one reads those articles, one understsands the Americans and feels differently toward them." One day I was entertained in the home of a German baroness; another baroness, wife of a great army chief, said in my hearing there: "Isn't it shocking that Germans complain as they do about the military? Isn't it strange that here and there all over Germany people insist that Wilson is an idealist?"

Sees Change of Feeling.

Evidently this trend of thought was nothing rare; I myself had met many Germans who saw the truth about Wilson and confessed openly that they saw it. Before I left Berlin I sometimes found groups where people spoke out with remarkable freedom, and on one occasion a German lady actually said, "Hurrah for America!" at a tea to which I and other Americans had been invited. I heard a great lady own up to a cordial admiration for Wilson and say: "It is the ambition of my life to take my whole family to America and live there the rest of my days." I heard such sentiment expressed by many. "As soon as the war is over we shall go to America," they said, and spoke of "what a fine man Wilson was."

When we entered the war it seemed to me that the feeling among Germans was not rage but grief. Hosts of Germans had relatives over here and had been taught to love America. Now, to their sorrow, even America was against them. In addition they realized that the detested war would be prolonged. They were not at first afraid of our soldiers; the press had said: "The submarines will take care of them." But from the outset they dreaded American resources and American money.

Emphasis to Wilson Message.

Discouragement, along with the beginning of grave enmity against the ruling classes, lent tremendous emphasis to President Wilson's message pointing out that we had no quarrel with the German people, but only with the German imperial government. To every one's surprise, it appeared in full in German newspapers, which boasted: "See how free we are! We print this thing word for word right in Germany"—whereupon they tore it to ribbons editorially, branding it a masterpiece of hyprocrisy.

The official argument put forth for consumption by the masses was, in effect: "Wilson means to start a revolution in Germany. You can have one. Try it. You will be playing into the enemy's hands. As soon as you begin fighting among yourselves, the foe will be upon you, your country dismembered, your business forever ruined, and yourself treated with monstrous cruelty and contempt."

The argument gained force by reason of certain epithets reported to have been employed by Lloyd-George, who was quotad as calling Germans "robbers and bandits." The government said to the people, "How would you like to make peace with such a man as that? What would you be getting into?"

Shrewd Move by the Government.

Mr. Gerard's words have been used in the same way. So have others. Whenever any one of prominence in an enemy country declares that "nobody should associate with Germans after the war" or trade with them, and that "Germans must be treated like cannibals," the German government tells the people. It is shrewd policy. The people stand by the government only because they believe that the government is all that stands between them and their enemies. They are frequently the same people who cry, "Down with the war! Down with the government!"

What do they mean by "Down with the government?" A few talk of a republic. I have heard them. Many dream of a socialist Utopia. Just what kind of a socialist Utopia I could never determine. But, with the exception of the aristocrats and militarists, they are disgusted with the war, and the line of cleavage President Wilson sought to bring about between the German masses and their rulers is already there. It is largely his work.

HEALTH TALKS

BY WILLIAM BRADY, M.D.

ROUND-SHOULDERED GIRLS.

One in every twelve school girls between the ages of ten and sixteen years has spinal curvature, and one in every eight has round shoulders. Round shoulders are frequent in boys, too, but not nearly so frequent as in girls of this age.

Round shoulders were made fashionable as a natural feature of the debutante slouch. You see this slouch posture affected by the pretty boys who hang out in cigar stores and poolrooms nowadays—their clothes are built for it.

A little girl at this age begins to read omnivorously. She loves to curl up in a big chair when she reads. But when the hour for play and exercise arrives see that she uncurls and gets the exercise.

There are two special exercises highly benaficial for children with round shoulders. Sunken chest and general slouchy, relaxed posture are almost always concomitants of round shoulders, and these exercises are for the whole unsightly deformity.

1. Each night and morning, with only the pajamas on, take the daschhund posture and crawl rapidly around the floor for three minutes. The daschhund crawl—on hands and knees as for ordinary creeping, then let the chest sink nearly to floor and bend elbows outward, crawling in this headlow posture.

2. Every hour, when the clock strikes, at home or at school, let the child stand with hands clasped at back as for rider to mount. Then, without loosening finger-clasp, turn the thumbs forward, downward, under and back. This forcibly pulls the shoulders down and back and tends to push the chest upward and forward. Hold the posture while half a dozen slow breaths are taken.

A child with relaxed, slouchy posture, with round shoulders or with lateral curvature of the spine, should have a daily bit to do, in a gymnasium if possible, but anyway the exercise period should be as important in that child's education as piano practice, school work or training in household duties. Swimming is an ideal exercise for such children.

It requires discipline and perseverance to overcome a tendency to round shoulders and spinal curvature. But not scolding or abuse. The child should have a careful medical examination first of all, to detect any underlying conditions which may require treatment.

Dr. Brady will answer all signed letters pertaining to health. Writers' names are never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and a stamped, self-addressed envelope is inclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of The Constitution.

Georgia Miller Sees No Need For Shipping Corn Into State

Editor Constitution: I note in your paper recently such headlines as these: "Watch Out for Cars of Damaged Corn," "Twenty-five Hundred Bushels of Meal Condemned by Food Inspector," "Damaged Corn Being Shipped Into Georgia."

Now, why is it necessary to go to the north and buy this damaged corn? There is plenty of sound corn right here in Georgia.

I run a corn mill. I turn down fine lots of sound corn every week because the merchants of Georgia seem to prefer the sorry shipped meal to fresh Georgia meal. I heard two farmers talking a few days ago. They said: "We are going to raise cotton this year. It will bring the money. We have corn, peas, etc., to sell and no market for them. We farmers were promised a market for our grain of every kind if we would raise it. We have got it and can't sell it. It's cotton for us, for the rats and weevils can't eat cotton, and it brings the cash."

SUPPORT PLEDGED TO THE PRESIDENT

Rules to Govern Coming State Primary Are Presented and Adopted at Once Without Debate.

SUPPORT FOR PRESIDENT.

The following resolutions, pledging support to President Wilson, were passed at the meeting of the democratic state executive committee Thursday:

Hon. Woodrow Wilson,
The White House,
Washington, D. C.:

The democratic executive committee of Georgia, in session today, by unanimous vote, instructed the undersigned committee to telegraph you in behalf of the people of this state their appreciation of your magnificent leadership in the war crisis that now commands the attention and support of every patriotic American. It is the unanimous expression of that committee that nothing should be left undone to push the war to a successful conclusion in behalf of the cause of liberty, freedom and unrestricted and world-wide freedom of the seas. This state pledges itself, in so far as its democratic executive committee is authorized to speak for it, to the unlimited support of your administration in all matters looking to the full support of our armed forces and to the punishment of all those who stand in the way of our country's determination to render every possible service that may be contributed to speedy and certain victory.

J. J. FLYNT, Chairman.
CLARK HOWELL,
H. H. DEAN,
A. PRATT ADAMS,
B. F. BOYKIN,
HIRAM L. GARDNER.

The democratic state executive committee of Georgia met at the Kimball house Thursday and, at a session marked for its brevity and its amicable tone, laid the rules for the forthcoming state primary and pledged the support of the state of Georgia to President Wilson for the successful prosecution of the war.

The committee adjourned thirty minutes after it was called to order. None of the few resolutions offered were opposed and every act of the committee was unanimous. The race for United States senator, on which political interest in Georgia is focused, was not discussed, notwithstanding that William J. Harris, one of the candidates, was present in the Kimball house, though not on the floor of the committee room, while Emmett Shaw, of Clay county, a member of the committee, and W. D. Upshaw, of Fulton county, a visitor, both candidates, were present with the committee.

Rules Adopted.

Rules to govern the state primary formed the bulk of the committee's work and these, presented by Albert Howell, Jr., chairman of a committee on rules, were adopted as reported from the committee without debate.

The new rules differ from the rules of the last primary in one or two places, but the changes were designed more to clear up misunderstandings than to institute any new procedure. One of these changes was made in a clause giving to the successful candidate for governor in each county the appointment of delegates from that county, but making it clear that, in the event of his failure to appoint them, the county committees may act, restricting their appointments to friends of the successful candidate.

In full these rules read:

"Each county democratic executive committee shall select from among the friends and supporters of the successful candidate for governor in each county delegates to the state convention in the ratio of two for each of said county's representatives in the general assembly, with alternates; said delegates to be named by said successful candidate for governor, and if not so named to be chosen by the respective county committees from among his friends and supporters, and said delegates shall be instructed to cast the vote of such county for the successful candidate for governor, United States senator, statehouse officers, including justices of the supreme court and court of appeals, judges, etc.

"It shall be the duty of each county chairman in advance of the convention to furnish the secretary of this committee with the names of the delegates and the alternates appointed; and it shall be also the duty of such chairman to provide such delegates and alternates with written credentials; provided no county shall be entitled to more delegates than votes to which it is entitled in the convention, with like number of alternates."

New Rule Is Added.

A new rule was added, to make the rules of the primary fit in with recent legislation, to the effect that the primary shall be held in accordance with the Neal act of 1917.

The date of the primary has been set by law for Wednesday, September 11. The executive committee, however, fixed August 15 as the date for closing the entry list. And the assessments against candidates previously in force, $250 for governor and senator, $125 for state house offices, were continued in force.

No date for the state convention was fixed by the committee, since the Neal primary law makes possible a run-off primary. It was arranged, however, that, in the event a second or run-off primary shall become necessary under the provisions of this act, then the said primary shall be held on Wednesday, October 2.

"In the event of a second primary election," the rules provide, "the subcommittee, acting in conjunction with the chairman and secretary of this committee, shall have full power and authority to levy reasonable assessments upon the candidates participating in such second primary and to make such other rules and regulations, not in conflict with the laws of Georgia and the rules of this committee, as may be necessary to carry into full force and effect the 'Act of the General Assembly, approved August, 1917, with reference to nominations by county units,' and to provide for the prompt assembly of the state democratic convention."

Law-breaking Candidates.

The following rule against law-breaking candidates was adopted together with the rest of the rules:

"No candidate in said primary election shall be declared the nominee of the party if it is proved that in the conduct of his campaign he violated any law of Georgia, or, in case of candidates for congress, any law of Georgia or of the United States."

On motion of H. H. Dean, of Hall county, resolutions of regret were unanimously adopted by the committee, deploring the death of J. Durham Watson, of McDuffie county, a member of the state committee and a son of Thomas E. Watson. His father, and other members of his family, will receive copies of the resolution.

The resolution asking the chair to appoint a committee to draft a message to President Wilson assuring him of the committee's hearty support of his attitude in the war was presented by Clark Howell, editor of The Constitution.

Battle Hill Lodge Will Conduct "Lodge Of Sorrow" on Sunday

A special meeting of the Masons of Battle Hill lodge No. 523 will be held on Sunday afternoon next at 2:30 for the purpose of conducting a "Lodge of Sorrow" in respect to several of the deceased members, including Past Masters Roberts and Anderson, founders of the lodge.

The program arranged by Past Masters W. G. McNair, J. A. Massey and Paul S. Pause includes addresses by well-known members of the fraternity and music by prominent singers of the city lodges.

Battle Hill lodge has a membership of more than five hundred. They will meet at 2 o'clock in the lodge room and move in procession to the Methodist church, situated nearby, at which place the ceremony will be held. National and Masonic colors will be used in the decorations and special provision has been made for members of the fraternity now in the training at Camp Gordon and Fort McPherson.

PAULIST CHORISTERS HERE MONDAY EVENING

Seats for the Paulist Choristers' concert at the Auditorium Monday evening will be placed on sale at the Cable Piano company at 9 o'clock this morning. All those who have previously bought tickets from the various committees which are selling them can exchange them at the Cable company for coupon tickets bearing reservations.

Much interest has been aroused locally by the approaching concert. The Paulist choristers are famed internationally for their magnificent choral work. From Rome to San Francisco the choir has been heard, and everywhere they have been hailed with the greatest enthusiasm. The many fine boy voices which are contained in the number will arouse local music lovers to a high pitch of enthusiasm, if their success in other cities is to be taken as a criterion.

The concert is being given under the auspices of the Atlanta council, Knights of Columbus. The tour has been arranged for the benefit of the French reclamation fund; while the local war activities of the Knights of Columbus will also be benefited from the Atlanta concert.

MARKET BUREAU HEADS OF TWO STATES CONFER

Messrs. R. G. Folson and L. N. Rhodes, representing the Florida state bureau of markets at Jacksonville, were Thursday in conference with Lem B. Jackson, head of the Georgia bureau, on the subject of disposal of Florida-grown and southern produce in the middle west and north.

They declared that Florida will have a 70 per cent increase in its crop of Irish potatoes this spring and that their proposed tour, of which Atlanta is the first objective, looks toward the sale of this bumper crop. After Atlanta they will visit Chattanooga, Memphis, St. Louis, Chicago, Indianapolis, Cincinnati, Pittsburg, New York, Philadelphia, Washington, Richmond and other cities before returning to Jacksonville.

Arrangements were made with the Georgia bureau of markets whereby valuable data obtained on this tour of the Florida officials will be at the disposal of Georgia shippers as well.

QUANTITY OF CORN SEIZED AS UNFIT

P. A. Methvin, inspector of foods for the Georgia department of agriculture, Thursday turned over to the United States marshal, through District Attorney Hooper Alexander, 470 bushels of corn shipped to L. F. Sells, of Barrow county, from Lenoir City, Tenn. The grain was unfit for use as food or feed.

Unlike the majority of other cases in which spoiled grain has been seized and its sale stopped by the state department of agriculture, in this case the purchaser of the corn had not paid for it and the loss was not to a Georgia man. The owner, made wary by reports in The Constitution, examined the corn first and, finding it spoiled, refused to pay for it.

Condemnation proceedings will immediately be instituted by the federal government for violation of federal laws.

OLD RESIDENT DIES THURSDAY AFTERNOON

R. C. Bosche, one of the oldest residents of Atlanta, died Thursday afternoon at 5 o'clock, at his home, 321 Washington street, at the age of about sixty-five.

Mr. Bosche was born in New York and came to Atlanta in the early seventies. He married a Miss Fischer, of one of the oldest Atlanta families. He was for a great many years a professional house and sign painter, but when the Southern Baseall league organized in 1892, he became secretary and treasurer of the Atlanta club, and held that position for some time. He was once a member of the Fulton county executive committee and also a member of the city executive committee.

He is survived by his widow, two daughters and three sons.

COMMITTEE ON DOUBLE TRACK MEETS TODAY

The special committee appointed by council to investigate the need of a double track for the street railway line between Atlanta and Camp Gordon, of which Alderman John S. McClelland is chairman, will meet this afternoon at 3 o'clock in the city hall.

President Preston S. Arkwright, of the Georgia Railway and Power company, will appear before the committee, having requested that the privilege of being heard be extended to him on this occasion.

The committee is composed of Chairman McClelland, Alderman Nelson T. Spratt, Alderman Jonas H. Ewing, Alderman Steve R. Johnston and Councilman E. C. Mincey.

POWER CO. WILL FILE COMPLETE STATEMENT

Although Deductions Were Not Asked by State Railroad Commission.

Yesterday The Constitution published a financial statement of the Georgia Railway and Power company and the Atlanta Gas Light company for the year 1917, these statements having been sent to The Constitution with the following communication:

Editor Constitution: The undersigned committee of stockholders of Georgia Railway and Electric company and Georgia Railway and Power company are engaged in an effort to acquaint the public generally with the facts necessitating the application for an increase in rates.

The enclosed statement has been furnished by the officers of the company and represents the actual receipts, disbursements and losses for the year 1917 as shown therein.

A raise in rates is a public question and involves a public hearing, and while all others can advance their prices at their own pleasure without notice, these rates cannot be raised without the approval of the railroad commission. We want the public to know the facts in the belief that they will back us up in this movement as being in the interest of our city and section.

It is upon this official information that this committee is basing the articles which are appearing from day to day.

Yours very truly,
LINDSEY HOPKINS,
ROBY ROBINSON,
W. L. PEEL,
A. MONTGOMERY,
FRANK E. CALLAWAY,
DR. WILLIS JONES.

Complete Statement Not Filed.

It appears now, that while the statement as published presents the contention of both companies that it is a correct analysis of the financial operations for 1917, that it was not the statement as filed by the companies with the Georgia railroad commission, as presenting their financial showing for 1917.

The showing of net earnings is the same, but the "deductions" made for both companies were not attached to the statement filed with the railroad commission. In other words, the statement made to the commission shows large net earnings for both companies, while the statement of deductions not filed with the commission would turn the earnings into losses.

On being asked yesterday why the whole statement had not been filed with the railroad commission and why the part now presented to the public was withheld from the commission, President Arkwright, of the Georgia Railway and Power company, said yesterday:

To Commission Later.

"The railroad commission sends to us a blank with everything on it but the figures which we must fill in. That constitutes the report we make to them at their request. It is not a complete statement.

"Our petition for an increase in rates sion, and when it is the additional data, which is not now on file at their office, but which is part of the complete financial statement of the company, will be furnished them.

"The railroad commission does not ask us for the data that we have included under the head "deductions" in he complete financial statement as made public in The Constitution. This they will get from us later."

Sumter Road Supt. Resigns.

Americus, Ga., April 11.—(Special.)—Henry T. Christian, county road superintendent of Sumter county for the past nine years, tendered his resignation at a special meeting of the board of county commissioners held yesterday, and the resignation was immediately accepted.

PASTOR OF WESLEY MEMORIAL CHURCH INDORSES TANLAC

Rev. W. C. Norton, Prominent Minister of Jacksonville, Fla., Is Restored to Health by New Medicine.

One of the most noteworthy features in connection with the introduction of Tanlac throughout the south has been the large number of ministers of the Gospel who have unhesitatingly and voluntarily given this wonderful medicine their unqualified indorsement.

Rev. W. C. Norton, who for years was pastor of the Wesley Memorial church, at 528 Estell street, just off of Riverside avenue, Jacksonville, Fla., now residing at Perry, Fla., is one of the latest to come forward and add his testimony to the thousands of others who have been restored to health by its use. Rev. Norton is not only held in the highest esteem by the hundreds of his church followers, but is exceedingly prominent as a man and citizen.

After saying that Tanlac had been recommended to him by several members of his congregation, and particularly by Mrs. S. C. Aslin, who lives at No. 8 Maplewood avenue, and whose testimonial was published, he made the remarkable statement that Tanlac had entirely relieved him of a severe case of chronic indigestion of eight or ten years' standing. His statement follows just as it was given when he called at Bettes' Pharmacy to purchase his third bottle of the medicine.

"I suffered from chronic indigestion for eight or ten years. I had intense pain from an accumulation of gas on my stomach, and would have to leave the top button of my trousers loose in order to get free expansion.

"At times I would become very dizzy, and I seldom slept well. I also suffered occasionally with headaches which, at times, were severe. I had to be very careful of what I ate, and if I went beyond that and overindulged my appetite I was sure to suffer for it. Attacks of acute indigestion were frequent, and I just can't tell you how uncomfortable I was all the time.

"I became interested in Tanlac through reading the high indorsements of so many well-known and prominent people, and through my friends who had tried it. The benefit I have derived from this medicine is nothing short of wonderful, for I really feel as well now as I ever felt in my life.

"I sleep splendidly and eat anything I want, and indigestion never troubles me. My liver and kidneys seem to be acting perfectly, and I feel splendid in every way. In short, Tanlac has simply restored my health, and I feel it my duty to recommend it as a medicine of exceptional merit, especially to those who are suffering from the troubles I had."

Hundreds of other ministers from some of the largest communions in the land, have told publicly of the benefits they derived from Tanlac, among whom are: Rev. A. H. Sikes, pastor of the Watkins Park Presbyterian church, Nashville, Tenn.; Rev. W. T. Roby, pastor of the West Lonsdale Methodist church, at 800 LeRoy street, Knoxville, Tenn.; Rev. John M. Sims, a well-known Baptist minister of Atlanta, Ga.; Rev. A. L. Tull, a well-known retired Methodist minister, who lives at No. 3 Druid Hills, Atlanta, and many others.

Tanlac is sold in Atlanta by Jacobs' Pharmacy Co., and by one regular, established agency in every nearby town.—(adv.)

SCHOOL BOARD VIEWS PROPOSED NEW SITES

Board of Education to Investigate Several Locations for New Moreland School.

Major R. J. Guinn, chairman, and six members of the board of education of Atlanta assembled Thursday afternoon and paid a visit to the site of the proposed Moreland avenue school, where they met with representatives of the Parent-Teacher association, who had asked the board to defer their decision on the lot for the school pending an investigation of more suitable locations.

The board members, consisting of Major Guinn, A. P. Morgan, John N. McEachern, W. H. Terrell, A. C. Butler and A. J. Orme, went over the lots in the vicinity of the Austell and the Austin avenue lots, which have been considered, and after returning to the city Major Guinn reported that they had found three or four lots that would be available, provided the prices for them would not be outside the appropriation that had been made for the purchase of a school lot for this section.

The board members will look into the newly-found school sites during this week and next, gathering data concerning them, and will make recommendations to the board of education two weeks hence, when the question of a lot for the Moreland avenue school will be definitely decided.

FOREMAN IS ASSIGNED TO THE SUPPLY TRAIN

Lieutenant Lauren Foreman, Q. M. C., well-known Atlantan, has been assigned to the Motor Supply Train No. 414, at Camp Johnston, Florida, according to information received in Atlanta Thursday afternoon by Atlanta friends.

Mr. Foreman is attached to the 440th company. The branch of the work in connection with the quartermaster corps to which he is now assigned is very interesting, and one in which Mr. Foreman's knowledge of transportation should give him splendid opportunities for service to his country.

NEGROES ARE CHARGED WITH ROBBING SOLDIER

Charged with robbing Private Elige Williams, of company F, of the 327th infantry, Camp Gordon, of his pocketbook containing his pass and $15 Wednesday night, George Hudson and Leon Fraser, two young negroes, were ordered held on a $200 bond each in the police court Thursday afternoon.

Private Williams stated he was accosted by three negroes as he was walking along the viaduct. When he stopped, he said, three negroes sprang on him, and robbed him and fled. He positively identified the negroes as two of those who assaulted him. Solomon Fraser, 13 years old, whom Williams accuses of aiding the others in robbing him, is still detained at the juvenile detention home on Central avenue.

LEND HIM A HAND!

Your—Hand—My—Hand!

EVERY hand in the land stretched out to help him to VICTORY!

That is the way that America is going to win this war. It is the only way she can win it.

We are fighting a united German people. Until every American is backing the boys in the trenches, until every hand in the land is stretched out to help, we cannot expect our army to defeat the German armies strengthened by the toil and sacrifice of the one hundred and fifty million people of Germany and her allies.

This is a war of national resources, and every one must add his share to America's fighting strength if we are to make our superior resources count. Every hand in the land must be stretched out to help our boys if we send them over the top to early and certain VICTORY.

The Atlanta Constitution can be found on sale every day at the fourteen exchange stores in Camp Gordon.

TODAY'S PROGRAM OFFERS FEATURES

Movies and Musical Concerts Will Afford Entertainment for Gordon Men Friday.

At the various service units of the Camp Gordon Y. M. C. A. feature entertainments are offered the soldiers for Friday night. One religious service, a number of movie shows and several concerts by Atlanta entertainment parties are included.

At "Y" Units 149 and 150 Movie Director Llewellyn will present a mixed film program consisting of a William S. Hart play, "The Good for Nothing," together with cartoon and current event pictures.

At Unit 153 will be seen a Paramount release, featuring Sessue Hayakawa, the player, in "The Secret Game." This is a particular good picture, and a large audience of soldiers is expected to turn out to see it.

A Jewish service will be held at Unit 151; H. H. Williams and party will perform at 152; the Swastika club will appear at 154; Miss Jackson and party will perform at 155; a Hebrew scholar will lecture on the Bible at 156, and Captain Lett will talk at 157. Concerts by parties headed by Mrs. Rathbone, Mrs. Trotti and Miss Woodberry will be presented at the auditorium and Units 151 and 162, respectively.

MEN ARE NOW NEEDED FOR HOSPITAL SERVICE

Lieutenant J. F. Atkinson, of the navy recruiting office, is anxious to secure at once men for hospital service and for air camp construction. In France there are openings for carpenters' mates, carpenters, electricians, cooks and other specialists. Registered men are eligible for the service unless they are needed immediately by their local boards.

SIGNAL MEN WANT BASEBALL GAMES

The 307th Field Signal battalion baseball club desires games with any strong clubs of Camp Gordon. Arrangements for dates can be made by communicating with Corporal Paul F. Grubbs, manager of the battalion club.

THEORETICAL FOES ARE EASY MARKS FOR DIXIE DIVISION

Echeconnee, Ga., April 11.—(Special.) The Dixie division boys have again met and defeated a theoretical enemy.

Tonight they are camping in plowed fields along a rising creek. Snow and sleet fell during the night, but none seem to be suffering because of it today. They march back to Camp Harris Friday morning, and Saturday morning back to Camp Wheeler.

THIRD CAMP GRADUATES TO HAVE SPECIAL MARK

The Student-Officers to Wear White Arm Bands Until Commissioned.

Washington, April 11.—There will be no graduates from the third and subsequent officers' training camps, and the men given training will go back into their organizations as privates and non-commissioned officers to await commission as their services are needed.

The men trained, the war department announced today, will wear white arm bands to distinguish them from their fellows. They will be known as eligibles, and will be classified according to the grades they made in training.

290 DEATHS REPORTED AT CAMPS DURING WEEK

Washington, April 11.—Health conditions throughout the army at home continue satisfactory, says the weekly report issued today by the war department, although the hospital admission rate increased over the preceding week. Influenza and mumps are the chief diseases noted, the latter frequently complicated with pneumonia accounting for the rising admission rate. Ailments among drafted men contracted before they entered camp have swelled the sick rates. The total number of deaths for the week ending April 5 was 290 as against 237 the preceding week.

By the conversion of cellulose, one of the elements of wood, into a gelatinous material known as viscose, a wide field is opened for the utilization of wood waste.

SOLDIERS WILL THRONG TO MISKE-SMITH BOUT

More Interest Aroused in This Fight Than Any Other Staged in City.

Due to the bad weather and congestion in the service buildings at Camp Gordon, Billy Miske, contender for Jess Willard's heavyweight title, was unable to appear in an exhibition boxing match at the camp, but a full quota of khaki is going to greet the popular fighter when he appears in the ring at the Atlanta Auditorium tonight.

Many Gordon men have seen both Miske and Smith in action, and these are practically unanimous in their intention to attend the fight at the Auditorium Friday night and see the big fellows perform again. Men who have never seen either in the ring are equally as interested in the coming bout.

Many prominent officials of the division have also been invited to be present, and once again the scene at the big Auditorium is going to have a distinct military touch. The Miske-Smith fight seems to have aroused more interest among the soldiers than any other staged in Atlanta, and a record-breaking soldier attendance is expected.

PROSPECTS OF COLORS CHEERS 5TH REGIMENT

Boys Greatly Pleased That Home People Are to Remember Them.

Macon, Ga., April 11.—(Special.)—Word that the regiment's two little mascots, Jaquiline Moore and Charlotte King, are to present the 122d infantry (formerly the Fifth Georgia), with a beautiful national flag, and that the people of Atlanta are raising a fund to purchase a regimental flag to be presented before the regiment leaves Camp Wheeler for "over there," was conveyed to headquarters of the regiment today after arrival of the troops at Echeconee, where they camped tonight and was received with enthusiasm by the men, who have been rather envious of the handsome new colors presented a few days ago to the 121st infantry (formerly the Second Georgia) with appropriate exercises.

No final arrangements for the presentation of the colors will be made until after the return of the Dixie division to Camp Wheeler after the maneuvers now in progress. Just as soon as the wishes relative to the presentation are made known by those in charge of the movement in Atlanta, arrangements will be made and a date fixed for the presentation.

While regimental headquarters is without the colors, it is expected that arrangements will be made for a double presentation ceremony by the little mascots and by those who are to give the regimental colors. There will be a regimental review and entertainment will be provided for the official party which will come here to make the presentation.

It is not known definitely when the 122d will leave Camp Wheeler for France, but it is believed the departure will not be long delayed after the return from thepresent maneuvers. Consequently it is expected that an early date will be fixed for the color presentation.

WIFE OF SOLDIER INHERITS ESTATE VALUED AT $65,000,000

Mrs. Lawrence Lewis, formerly Miss Louise Wise, who is the wife of a soldier at Camp Gordon, will inherit on July 27 about $65,000,000 in cash, stocks, bonds and jewelry, the estate of Henry M. Flagler, prominent builder of the Florida east coast.

Mrs. Lewis has been living in Atlanta since the fortunes of war called her husband to Camp Gordon. She was the favorite neice of Mrs. R. W. Bingham, formerly Mrs. Flagler, who left the bulk of her estate to the bride of the Gordon soldier.

Mrs. Bingham's death last year brought forth an accusation that she died by poison, and there was for some time a threat to attempt to break her will by minor beneficiaries. Both difficulties were cleared, however, and it now seems settled that the wife of the Philadelphia clerk, now a soldier, will inherit the estate.

UNIFORMS ARE ORDERED FROM ATLANTA COMPANY

Washington, April 11.—(Special.)—Francis E. Mackie, president of the Mackie Construction company, Atlanta, is in the city in conference with Colonel J. R. Smith, of the same firm, relative to work for the government, the firm having been awarded contracts for more than three million dollars, and having completed the same in the most satisfactory manner. It is understood this corporation is being favorably considered for other work now contemplated by the government. The government today awarded a contract to the Mitchell Manufacturing Company of Atlanta for 50,000 suits of khaki uniforms.

MACON LAWYER SOUGHT BY SHERIFF GIVES UP

Macon, Ga., April 11.—(Special.)—Ross Melton, a Macon attorney, charged with misappropriating $1,050 belonging to his client, H. L. McSwain, a broker, and for whom the sheriff had been looking two or three weeks, surrendered here today and was later released under bond of $2,000, his bond being signed by the father, A. Melton.

McSwain claims he entrusted the money to Melton to buy real estate at an auctoin sale and that Melton has failed to account for the money. Melton denies the charge, claiming the transaction is a business difficulty between him and McSwain and that it should never have reached the courts. He declares he will be vindicated when the case is tried.

BRUNSWICK SHIP MEN TO RECEIVE BACK PAY

Brunswick, Ga., April 11.—(Special.) Announcement has been received in the city that many of the men in the local shipbuilding plants will receive a large amount of money on April 15 as back pay. The increases in wages paid the employees, granted by the government some time ago, dates from January 15, and the men are to receive all that is due them as back pay from that date to April 15. It was stated that the amount to be received by the local men would range from $25 to $300 each. Some of the men have announced that it is their intention to invest most of this money in Liberty Bonds, and a local committee will make a canvass among the shipbuilders within the next day or two.

Entertain Soldiers in Homes
T. S. Settle Urges Atlantans

"The greatest work that Atlanta can do for the soldiers of the Eighty-second division, and the new division that is rapidly taking its place at Camp Gordon, is to take them into its homes and give them a taste of real home life."

Such was the advice given by T. S. Settle, district representative of the war department commission on Training Camp Activities, before the weekly round table luncheon of the Atlanta War Camp Community Service Thursday at the Piedmont.

Mr. Settle has just returned from a swing around the circle of southern camp cities, and he gave the members of the round table the benefit of his investigations in the various cities.

"There is nothing that makes for better morale so much as this home touch," he continued. "And in spite of the fact that Atlanta has done such good work along the line of soldier entertainment since the Eighty-second division has been in camp, the people of this city would be surprised at the large number of men who have not been entertained at all; who have lived in camp and never come to the city more than once or twice in their six months' stay.

"A new allotment of soldiers is now coming in, and a new division is being formed. I hope that you good people will make it a point to see that the men of the various regiments are given systematic opportunities of being entertained in your homes. Bring to the men who need this personal touch most the benefit of a comfortable Sunday afternoon and a good home dinner. It will do wonders for the spirit of the troops that are entrusted to this locality."

A talk at the round table luncheon that attracted unusual attention was that made by James Boykin, the son of Mrs. B. M. Boykin, chairman of the woman's entertainment committee. Mr. Boykin is a member of the army transport service, and he spoke most interestingly of this hazardous branch of the government service at the present time.

Greatest of Organists Thrills Large Crowd at the Auditorium

The hungry music-lovers of Atlanta were given a treat last night at the Auditorium when the Georgia chapter of the American Guild of Organists presented Joseph Bonnet, a pupil of Guilmant, the world famous organist of the French school, and considered by many music critics Guilmant's successor.

With the "Star Spangled Banner," played with a spirit and verve which made it ring with a triumphant note not quite felt before, Mr. Bonnet opened his program.

From the first note the audience realized that here was no mere technician—but a masterful interpreter—who, without effort, brought from the marvelous organ strains at once soul-finding and infinite-blending. With body and instrument at the command of his mind—with no music before him—M. Bonnet seemed rather the medium through which flowed from other realms this music divine.

Surely none there failed to sense in his interpretations the spirit of France as she is today. Especially was his rendition of his second number, by Nicolas de Grigny, at one time organist of the Rheims cathedral, suggestive of the solitary grandeur of that cathedral, as it stands today, the target for the guns of the invader. The incomplete ending of the music on the seventh seemed to ask the question, "When shall it end?"

The third number, the ever popular Fantasia and Fugue in G minor, by Bach, gave splendid opportunity, as did his own composition at the close of the program, the Rhapsodie Catalane, to display the organist's mastery over the pedals, far above his technique his interpretation thrilled and inspired.

Perhaps the greatest number on the program was the Choral in A minor by Cesar Franck—great in that the composer sought to depict in musical form a theme sublime. Beginning with an agitated movement, suggestive of the unrest and discord in the world, on the echo organ there sounded music as sweet as an angel's song, bringing peace and harmony. Gradually the discordant music faded away and in its place there was blended with the heavenly strains a powerful theme, which made one think that indeed the time was come when could be heard the "music of the spheres" and all was harmony here.

With the "Marseillaise" ringing in triumphant tones the audience rose, and reluctantly went out into the night, expecting and hoping for M. Bonnet's early return.

CAMP ENTERTAINERS STAGE THE LAST BIG SHOW ON THURSDAY

Before a large and enthusiastic audience of soldiers, the Camp Gordon Army Entertainers' league appeared for its last time at the Knights of Columbus hall in a repetition of the blackface minstrel show presented recently with great success at the Liberty theater and the Atlanta theater.

The show was a hit with the soldiers, many of whom have never seen it before, and each and every number met with several encores. The bill was practically the same presented in Atlanta and the performers were at their best.

MADAME RATHBONE, SINGER, TO APPEAR AT CAMP GORDON

Mme. Laura Rathbone, noted singer and composer of the famous marching song, "Way Back Home in Dear America," will appear at Camp Gordon in two concerts, both tonight and tomorrow evening, and besides giving a classic program, consisting of operatic songs, will also render her famous patriotic song, "Way Back Home in Dear America."

She is touring all the United States army camps and giving her services gratuitously for the boys at the camps.

She sang last Friday at Fort McPherson and was given a big ovation by the boys at the fort. Her marching song has become famous, both in America and in France, and has taken the place of "Tipperary" with our American boys.

Mme. Rathbone is a dramatic soprano of noted reputation and her appearance is looked forward to with great anticipation.

CAMP'S SELECTMEN DOING HARD WORK

Allotment, Supply and Drill Given Attention—$230,000,000 Insurance Total.

Probably the hardest work that is now being done at Camp Gordon is the result of efforts of the new men who have reported here from Georgia, Alabama and Tennessee within the past two weeks. They are quartered in the casual detachment of the Depot brigade in the near vicinity of division headquarters.

The men are rapidly being issued their equipment, officials stating that approximately 500 per day are being fully uniformed and furnished. At this rate the contingents of the three states will soon be fully clothed. Medical examinations and preliminary drilling are also progressing at a rapid rate, and the men are developing into fine soldiers.

Allotments and insurance forms are also occupying the attention of the new selectmen, and the men are evidencing great interest in these matters for the protection of those at home. The results of work among the new men, officials stated Thursday, have brought the camp's insurance total to more than $233,000,000.

GUN CREW COMMANDER WAS FORMER MACON BOY

Dow Ripley, Who Fought Submarine on El Occidente, Has Father Here.

Macon, Ga., April 11.—(Special.)—In the official report of the engagement between the armed merchatn ship El Occidente and German submarines on February 2, just made public by the navy department, it develops that it was a former Macon boy who commanded the gun crews on the El Occidente. He was Dow Ripley, chief boatswain's mate, and the story of the battle between the merchant ship and two German submarines as given out by the navy department is a thrilling, one. It is the belief, expressed by Mate Ripley in his report, that one of the submarines was sunk. The other was driven off.

Ripley is a brother of Mrs. Walter T. Johnson, of Macon, and is a nephew of W. G. and Steve M. Solomon, of Macon. He enlisted in the navy when he was 26 years of age, and was a gunner on the flagship New Jersey on the famous trip around the world. Since the outbreak of the war with Germany he has been constantly engaged in the fight against Germany.

In addition to his sister, Mrs. Johnson, of Macon, Mate Ripley has two other sisters in Atlanta. They are Mrs. George Derry and Mrs. George E. Scott. His wife, Mrs. Ethel Ripley, lives at San Diego, Cal. His brother, S. C. Ripley, lives in Cleveland, Ohio, and his father in Atlanta.

He enjoys the distinction of having been around the world thirteen times, and though he has often decided to give up the sea as a calling, the appeal has always been too great for him, and he re-enlisted whenever his term expired.

FROM DUNWOODY TO RELATE HER STORY

Mrs. William M. Hildebrand, of R. F. D. No. 1, Tells How Plant Juice Relieved Her of Stomach Trouble, After Suffering for 25 Years.

A great specialist at one time said: "Stomach trouble is the curse of the American people." Nine out of every ten people we meet suffer from stomach trouble in some form. A chain is only as strong as its weakest link, and the weak link with us seems to be the stomach, in other words, you cannot

be a well man or woman with a diseased stomach.

Plant Juice, the new herbal stomach medicine, being manufactured from medicinal plants, roots, herbs, barks and fibres, stands without a rival as a remedy for ills of the stomach, liver and kidneys. It often relieves indigestion and dyspepsia with the first dose.

The following signed testimonial from Mrs. William M. Hildebrand, who resides at Dunwoody, R. F. D. No. 1 (Atlanta), speaks for itself. Mrs. Hildebrand resides on the old Hildebrand homestead and is known and respected by a large circle of friends and acquaintances. She said:

"For the past 25 years I have been a great sufferer from stomach trouble and had become so bad that I could not eat vegetables, meat or gravy or any kind. I lived principally on bread and milk. If I ate any solid food it would cause a burning sensation in the pit of my stomach, which was so very painful, followed by a smothering sensation. I was very restless and nervous and a good night's sleep was out of the question. During these long 25 years of suffering I have used a great many different kinds of medicine and constantly grew worse, as none of them ever helped me. The past year I grew steadily worse than I ever was before. I had heard about Plant Juice helping Atlanta people and decided to at least try it. I was astonished when it began to help me the very first day, in fact, from the first dose. For the first time in years, I ate a hearty meal yesterday and have suffered no distress or bad after effects from it. I certainly can recommend Plant Juice to any one suffering from stomach trouble."

The Plant Juice Man is at Jacobs' Pharmacy (Main Store), 6-8 Marietta St., in Atlanta, where he is daily meeting the local public and introducing and explaining the merits of Plant Juice. Free samples given.—(adv.)

with my allies, France's just claims regarding Alsace-Lorraine.

Belgium and Serbia.

"Belgium should be entirely re-established in her sovereignty, retaining entirely her African possessions without prejudice to the compensations she should receive for the losses she has undergone. Serbia should be re-established in her sovereignty and, as a pledge of our good will, we are ready to assure her equitable natural access to the Adriatic and also wide economic concessions in Austria-Hungary. On her side, we will demand, as primordial and essential conditions, that Serbia cease in the future all relation with and suppresses every association or group whose political object aims at the disintegration of the monarchy, particularly the Serbian political society. Narodini Ochrana; that Serbia loyally and by every means in her power prevent any kind of political agitation, either in Serbia or beyond her frontiers, in the foregoing direction, and gives assurances thereof under the guarantee of the entente powers.

"The events in Russia compel me to reserve my ideas with regard to that country until a legal definite government is established there.

"Having thus laid my ideas clearly before you, I would ask you in turn, after consulting with these two powers, to lay before me the opinion first of France and England, with a view to thus preparing the ground for an understanding on the basis of which official preliminary negotiations could be taken up and reach a result satisfactory to all.

"Hoping that thus we will soon be able together to put a limit to the sufferings of so many millions of men and families now plunged in sadness and anxiety, I beg to assure you of my warmest and most brotherly affection.

(Signed) "'CHARLES.'"

The notes adds: "Count Czernin, having recognized by his note of April 8 the existence of this negotiation due to the initiative of a personage of a 'rank far above his,' the Austrian government is summoned to give an explanation of the 'attempt' avowed by it and of the details of the conversation of its delegates."

FORMER PREMIER MADE PEACE ATTEMPTS.

London, April 11.—Negotiations regarding the possibility of peace between the United States and Austria-Hungary have been carried on between Professor Anderson, of Washington, and Count Stephen Tisza and Count Julius Andrassy, former Hungarian premiers, according to a Vienna dispatch to The Berlin Tageblatt, as quoted in an Exchange Telegraph message from Copenhagen. The dispatch also says the Austro-Hungarian foreign office admits various attempts have been made to obtain a general peace and that Emperor Charles has had negotiations with several persons who have international connections.

The Austro-Hungarian foreign minister, Count Czernin, has returned unexpectedly to Vienna from a visit to German headquarters, where he conferred with Emperor William. The dispatch says the sudden return of the count caused a sensation in Austrian political circles.

The stand taken by the Czechs against Count Czernin, the dispatch continues, overshadows the controversy between the count and Premier Clemenceau, of France. In Prague on Saturday a Czech meeting of protest against Count Czernin will be held.

The position of Count Czernin, the Austro-Hungarian foreign minister, is said to be much less secure since his recent speech, and the publication of a French official statement that Emperor Charles considered the French demand for Alsace-Lorraine just, according to an Exchange Telegraph dispatch from Copenhagen.

There is growing dissatisfaction in Germany with Imperial Chancellor von Hertling and Foreign Secretary von Kuehlmann and efforts are being made to replace Von Hertling with Dr. von Helfferich, former vice chancellor.

The Austrian embassy in Berlin officially denies the French statement attributed to Emperor Charles, but does not insist that there was never any talk of an acknowledgment by the emperor of the justice of the Alsace-Lorraine demands.

GIGANTIC NEW GUINEA

BUTTER BEANS

THE NEW EDIBLE VEGETABLE

The New Guinea Butter Bean is a late addition to the world's edible vegetables; it was discovered a few years ago in the wilds of New Guinea by the Australian explorer, T. R. Morris. Mr. Morris was so much astonished at their enormous size and delighted with their rich buttery flavor, that he sent some seeds to his brother, Mr. J. M. Morris, of Brisbane, Australia; he started a plantation and is now supplying the world with seeds, all of which are carefully selected and guaranteed fertile.

Mr. J. C. Allardyce, distributing agent for the U. S., introduced them to California last year, all the seeds planted—with a very few exceptions—did exceedingly well some fine specimens were on exhibit at the Land Show in S. F. One weighing 19 pounds was grown in Oakland.

They will mature three months after planting, but must have warm weather and plenty of water.

THE NEW EDIBLE VEGETABLE

These marvelous Butter Beans are easily grown, and do exceedingly well in California. The vines last several seasons, are very prolific, producing beans from 3 to 5 feet long, weighing from 6 to 18 lbs.; one being sufficient for a family for several meals.

SALTS IS FINE FOR KIDNEYS, QUIT MEAT

Flush the Kidneys at once when Back hurts or Bladder bothers—Meat forms uric acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidney.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.—(adv.)

subscriptions also were made in cities and towns in the other states.

Announcement was made Thursday that the mass meeting to be held on Monday night next will take place at the Atlanta theater, instead of at the Auditorium as first announced.

Speakers on this occasion will include Governor Hugh M. Dorsey and Lieutenant Merrick, a Canadian officer, who was wounded at Lens. Lieutenant Merrick will be introduced by Robert F. Maddox.

Military Band Promised.

A military band has been promised from Camp Gordon for the Monday meeting and a splendid program is being arranged. This will mark the opening of the active sales campaign in Atlanta. J. M. B. Hoxsey, chairman of the executive committee for the Atlanta campaign, has issued a call for four hundred additional salesmen who can devote four hours a day to this work for the whole week.

A meeting of these salesmen will be held at the chamber of commerce assembly hall at 11:30 Monday morning to complete final organization work.

The forces of the A., B. & A. railroad completed their organization on Thursday. J. B. Edwards, traffic manager, was made chairman of the committee, which will canvass all employees of the company for bond sales.

Reports from the special trains which are covering the Sixth Federal Reserve district, displaying war relics and giving brief speaking programs continue most optimistic. The greatest possible enthusiasm is reported as created at all stops.

In Atlanta on Thursday, two large subscriptions were received. The Morris Fertilizer company announces that it will purchase $30,000 worth of the bonds, $20,000 to come through the Third National Bank and $10,000 through the Fourth National bank.

At the regular meeting of the Capital City lodge, No. 642, F. and A. M., that organization decided to buy $1,000 of the bonds.

Automobile Row Is Welcoming General Manager of Haynes

Automobile Row today welcomes A. G. Seiberling, general manager of the Haynes Automobile company, builders of "America's First Car." To Mr. Seiberling is largely accredited the phenomenal success of not only the Haynes institution, but the industry as a whole.

Mr. Seiberling is stopping over in Atlanta on his return to Kokomo from a recreation visit to Summerville, S. C., and will be the honored guest of Charles W. Tway, southern distributor for Haynes cars, at a luncheon Friday noon at the Capital City club, which will be attended by Governor Hugh M. Dorsey, Mayor Asa G. Candler, Robert F. Maddox, Clark Howell, Ivan E. Allen, Frank Lowenstein, Fred J. Paxon, and many other prominent Atlantans, including the "live wires" of Auto Row.

Mr. Seiberling, besides being an automobile authority, has many other interests. He is owner of The Kokomo Dispatch, the largest daily paper in that section of Indiana; a director of all banks of Kokomo, owns controlling interest in the United States Traction Wheel company, a director in the Superior Tool company, and a director and stockholder in practically all the prominent companies in the Kokomo district.

First Trip South in Years.

This is Mr. Seiberling's first trip south in many years, and he is very optimistic over the bright prospects for business in this section. "As a barometer for financial conditions anywhere," says Mr. Seiberling, "automobile-buying is probably more trustworthy than any other single condition. People who are prosperous will buy cars and automobile manufacturers' sales records show quite clearly at all times the conditions in different sections. Just now the Haynes Automobile company's sales chart shows a most decided advancing curve in the southern territory, indicating prosperity, such as I find has never before been enjoyed by these wonderful southern people."

Mr. Seiberling finds satisfactory explanation for the south's unprecedented prosperity in the enormous demand for cotton, tobacco and other southern crops. It is officially estimated, as near as possible, that the total value of the south's agricultural output this year will be much over $6,000,000,000, or a gain of practically $1,500,000,000 over 1917. The magnitude of this increase can be better realized when it is known that the south this year will produce in its agricultural interests about $1,000,000,000 more than the entire country produced seventeen years ago.

The growth of automobile sales in the south last year is commensurate with increasing value of the agricultural output. Total registrations up to January 1, 1918, are given as 5,123,874, as compared with a total on January 1, 1917, of 3,602,827. The southern farmer has, in a sense, suddenly become rich, and of course immediately aspires for a motor car.

Increase in Demand.

The trend of modern times is well embodied in the present-day Haynes. Since its graduation from the horseless carriage age, it has constantly been improved by the many achievements that have been developed in the science of gasoline motive locomotion. It is this prestige and experience, coupled with the ability of the "Light Six" motor that has stood time-tested and unchanged for the past four years, to deliver to 20,000 owners an average of 14 miles per gallon of gasoline, 443 miles per quart of oil, and 7,600 miles per tire—that has forced Haynes sales far ahead in the south.

Mr. Seiberling foresees wonderful business on the Haynes car in the south this year, because the people of this section are fast learning the economical advantages of this product of experience. This increased business is not alone for the Haynes, but for every automobile manufacturer who produces a car that can come up to the southerner's demand, for comfort, stability, appearance and maximum economy. Economy is one of the factors that will win the war.

AMUSEMENTS

"When Dreams Come True."

(At the Atlanta.)

"When Dreams Come True," Philip Bartholomae's musical comedy, that showed to moderately good houses at the Atlanta theater Thursday matinee and night, is strictly a vehicle for specialties.

The plot, immaterial as it is, has some excellent points. To this plot, which is often forgotten in the melee, the producer has hung a complete variety program of songs and dances. As variety it is good—in spots excellent. Being unpretentious, "When Dreams Come True" was not disappointing. It was strictly speaking a "money's worth" show—no more.

William Pruette, Jr., plays the millionaire son role creditably and Lorain Lester makes an attractive dream girl. Harlan Briggs, as the detective Hercules Strong, and Carrie Glenn as the country cousin introduce some happy humor.

SINCLAIR THOMPSON.

New Bill at Lyric.

(Keith Vaudeville.)

Dooley and Sales are back on a return engagement to the Lyric, and are heading another jim-dandy bill. A good variety of acts are presented for the last three days of this week, and all are exceptionally good except one, which is only a fair acrobatic stunt.

Mr. Dooley and Miss Sales, who are just back from a tour of England and France, won the audience from the start with their clever jokes and actions, and they managed to keep the crowd laughing through their whole act. They introduced the new patriotic air, "What Are You Going to Do for Our Boys?" to the Atlanta public, and this song, which was written to aid the sale of the third Liberty Bond issue, was quite a success.

Helen and Josephine Trix gave a very good singing and dancing skit which was a hit. And the singing of these two girls was loudly applauded by the audience. They sang many new pieces which were greatly enjoyed, despite the fact that Helen excused herself on account of having a "snow throat," caused by this weather.

Sandy Shaw sang several Scotch airs and he did it well. He is one o fthe best Scotch comedians that has appeared here since Harry Lauder made his last trip to this city. Keno-Keese-Melrose were in a very ordinary acrobatic "funny" act.

Mazie King and company (her dancing partner, Jack Martin) ended the bill with an unusually good pantomine act. The scenery, as well as the dancing of this couple, was very beautiful.

CLARK FOREMAN.

Loew Vaudeville.

(At the Grand.)

From the moment the curtain rose on the first act at the Grand theater Thursday night the interest of the audience began to grow and continued to increase until seven lassies and two laddies from the highlands of Scotland came before the footlights.

It goes without saying—the audience indicated that much—that this number, a Scotch revue, was one of the most refreshing and pleasing acts seen in Atlanta this season. The music is typically Scotch, and the instruments and costumes are of the expected type.

Jack Housch and Kathryn LaVelle, in "It Happened in Arizona," presented a comedy sketch in which they made more startling and funny things happen in Arizona while going through on a motorcycle trip than the small boy gets in a week from western dime novels.

It was hard to tell whether Miller and Rogers were better as comedians than they were as acrobats. They were good enough, whether they chose to make the audience laugh or gasp.

Rita Green, a most entrancing little maid, and Walter Winchell presented a very clever musical skit in "Spooneyville," which is an appropriate title for an act containing so much nonsense.

The Adelaide Trio, two shapely female aerialists and a man, presented an aerial number as good as any of this character.

In addition to the news pictures and the comedies the picture program included pretty Jewel Carmen in a romantic film, "The Bride of Fear."

"The Bird of Paradise."

(At the Atlanta.)

That love is love though it comes in any racial guise, and that human hearts are pretty much the same, although they beat under skins of varying shade, and in bodies of unaccustomed surrounding, is the striking lesson of Richard Walton Tully's celebrated Hawaiian drama, "The Bird of Paradise," which Oliver Morosco will present at the Atlanta theater tonight and tomorrow matinee and night. Luana, a beautiful Hawaiian girl, passionately loves Paul Wilson, an American in Hawaii, who in turn as fervently loves her. But from the moment of his devotion to this lovely little creature, Wilson not only loses caste, but loses that essence of force and distinction which is his by right of birth and race. It is only when he eventually realizes his rapid descent, that he restores his self-respect, and brings about the great tragedy of his sweetheart. The cast is headed by Miss Celete Scudder. Others in the cast include John Warner, as Dr. Wilson; Miss Helen Carew as Diana; Fred M. Waller as Dean; John Gribner as Hoheno, and Louis Cantzen as Kia.

U. S. Official War Films.

(At the Atlanta.)

When the United States war films, entitled "America at War Over Here and Over There," are shown at the Atlanta theater next Wednesday, Thursday, Friday and Saturday, with daily matinees, it will behoove all spectators to watch very closely for familiar faces that are likely to be seen in all the pictures where large bodies of Uncle Sam's famous Liberty Army soldiers are shown. The sale of seats for the engagement will open Monday.

"The Conqueror."

(At the Criterion.)

R. A. Walsh, who directed the making of "The Conquerer," the production in which William Farnum is the star and which is at the Criterion theater this week, is famous for the little touches of humor which add so much to the enjoyment of a motion picture. In the "Conqueror" are many such bits that will bring joyous chuckles from the most hardened theatergoer. For instance, there is a Mr. Marcus in the role of "Jumbo," the faithful fat servant of Sam Houston. Jumbo provides enough entertainment for a one-reel comedy in himself. Sam Houston's early experience in Nashville, where he makes his first efforts to rise in the world, are replete with humerous touches.

"Blue Jeans."

(Coming to the Criterion.)

"Blue Jeans," the famous old melodrama by Joseph Arthur, which enjoyed great stage popularity for years, has been done over for the screen. With Viola Dana as the star it is booked for showing at the Criterion theater for the entire week, commencing next Monday. The story is built around a thrilling saw mill scene and is led up to by a terrific fight between the hero and the villain. The fight takes place in an old saw mill and the villain finally places the unconscious hero upon the plank-carrier of the saw, so that his body will be cut from head to foot. The heroine, of course, comes to the rescue in the nick of time and everything ends lovely.

Bryant Washburn.

(At the Vaudette.)

Bryant Washburn, the hero of the "Skinner" tales, which scored such a hit in Atlanta recently, will be seen at the Vaudette the remainder of the week in "Twenty-One," a product of the Pathe studios. Washburn is one of the most popular of movie stars and has a great following in Atlanta who will be glad of an opportunity to see him again in a role that fits him splendidly.

Madge Kennedy.

(At the Strand.)

Popular Tom Moore, whose work with Mae Marsh and Mabel Normand in Goldwyn productions has won high praise everywhere, makes his debut in the cast of a Madge Kennedy play in "The Danger Game" at the Strand today. There is an amusing story in connection therewith. Both Mae and Mabel sought to have Tom play opposite them again in their new plays, while Miss Kennedy contended she was entitled to his services. Finally the three stars decided to abide by the decision of chance, so a drawing was held. Madge Kennedy won.

Vivian Martin.

(At the Forsyth.)

Vivian Martin, who appears today at the Forsyth theater in her latest Paramount picture, "A Petticoat Pilot," when interviewed the other day at the studio, remarked that if there was one place in the world she wanted to go to that would be Cape Cod. "You see," she explained, "In 'A Petticoat Pilot' I take the part of a little Cape Cod orphan adopted by three sea captains. The quaint customs and furnishings of the houses were accurately reproduced, and if there really is any place left as charmingly wholesome as that, I certainly want to see it. I have always been an admirer of Joseph C. Lincoln's stories, and 'A Petticoat Pilot' is my favorite."

CAN'T FIND DANDRUFF

Every bit of dandruff disappears after one or two applications of Danderine rubbed well into the scalp with the finger tips. Get a small bottle of Danderine at any drug store for a few cents and save your hair. After several applications you can't find a particle of dandruff or any falling hair, and the scalp will never itch.—(adv.)

HOW TO GROW FAT

A Lazy Stomach the Cause of Thinness, Nine Times in Ten.

If you are thin or lean, have scrawny arms and neck, you can't grow fat unless your food properly digests.

People take on flesh in proportion to the nutritious matter which the organs of digestion absorb and pass into the blood.

Just as long as the nutritious matter passes along without being absorbed, just so long will you remain thin.

Perhaps your stomach, bowels and liver need a tonic. If your digestion is not perfect, Mi-o-na tablets will put it right at once.

Mi-o-na will relieve indigestion and every conceivable ailment of the stomach promptly. It strengthens digestion by building and toning up and not by encouraging a tired stomach to continue its shiftless and health-destroying habits. It promptly drives away sour stomach, belching of gas, heaviness after eating.

Jacobs' Pharmacy Co. sells Mi-o-na and guarantees it to relieve indigestion, sea and car sickness, vomiting of pregnancy and all stomach diseases and distress, or money back.

Mi-o-na is sold by leading druggists.—(adv.)

CITY BACTERIOLOGIST STRUCK BY DAIRYMAN

Dr. Claude A. Smith Attacked by Proprietor of Dairy Being Inspected.

City Bacteriologist Claude A. Smith was painfully wounded Thursday morning while making a test at the North Boulevard dairy of C. H. Beuchler, when he was struck over the head with a heavy buggy wrench wielded by the proprietor of the dairy.

Dr. Smith had gone to the place to seek out two milch cows that had been found to have garget, or inflammation of the udder through milk tests that had been made from samples taken from the dairy. He was accompanied by Dr. O'Toole and Inspectors Fry and Mostello, of the health office of the city. They were looking for the cows for the purpose of isolating them from the balance of the herd to prevent a spread of the disease, which is of a contagious or infectious nature.

Beuchler is said to have charged Dr. Smith with having spread lies on him. Dr. Smith denied the charge and words followed. Dr. Smith was standing with his hat pulled down over his eyes, which was probably the sole reason that he did not receive a serious wound, for when Beuchler struck the hat protected Dr. Smith from the heavy weapon, a small wound being the only result. The blow cut through the hat and the leather band inside it, and Dr. Smith was struck twice with the weapon before he grappled with the enraged dairyman.

A number of employees of the dairy were gathered around the scene of the fight, which led Dr. Smith to believe that the attack on him was premeditated.

Warrants were sworn out for Beuchler, it is said, and turned over to the sheriff for service, charging the man with assault and battery.

Dr. Smith last night stated that he was attacked without provocation.

Smith claims Beuchler pulled his hat down over his eyes and struck him twice over the head, inflicting two ugly wounds. He stated he fought with the enraged man until separated by the officers, who accompanied him. Dr. Smith says he will swear out a warrant charging Beuchler with assault and attempt to murder.

KIDNEY TROUBLE NOT EASILY RECOGNIZED

Applicants for Insurance Often Rejected.

An examining physician for one of the prominent Life Insurance Companies, in an interview of the subject, made the astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of those whose applications are declined do not even suspect that they have the disease.

Judging from reports from druggists who are constantly in direct touch with the public, there is one preparation that has been very successful in overcoming these conditions. The mild and healing influence of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its remarkable record of success.

We find that Swamp-Root is strictly an herbal compound and we would advise our readers who feel in need of such a remedy to give it a trial. It is on sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention The Atlanta Daily Constitution.—(adv.)

Cotton Sells Off $4 a Bale After Extremely Nervous Market Session

PROFESSIONAL VIEWS ON COTTON SITUATION

New York, April 11.—(Special.)—Pressure on the opening of the market was due mainly to the unfavorable political news from abroad. Liverpool was a large seller of contracts. This selling, together with liquidation by a large local house, had the effect of causing a decline of approximately 40 points during the early part of the day. Late in the afternoon steady selling by the south and additional local liquidation brought about a further decline. Closing prices were approximately 75 points lower. New crop news continues decidedly favorable. For the time being trade demand has been withdrawn from the market.
J. W. JAY & CO.

New York, April 11.—(Special.)—Further liquidation, also some hedge selling, brought about the decline of some 40 points. These sales have been absorbed by local parties, who think the sharp decline of the past few days has at the moment discounted the effect of the bearish factors and they are looking for a sharp recovery at any time. Evidently some agreement regarding the control of the dry goods market, so as to bring about lower prices beth to the government and the civilian population is well under way. It is the belief of many that part of the speculation in cotton goods has been due to purchases by parties who were willing to make the government pay as high as possible for what they required.
HUBBARD BROS. & CO.

New York, April 11.—(Special.)—Today's market opened lower in response to a weak Liverpool, and at only one time did it show a good undertone. News from the fighting front caused a more uncertain feeling and brought about liquidation. The small submarine sinkings apparently were without influence. The lower range of values existing during the past few days cannot increase the amount of good spinnable cotton in this country and we therefore believe the purchase of July is in order on the present depression.

New York, April 11.—There was a break of approximately $4 per bale in the cotton market here today. July contracts sold off to 32.01, or 78 points below last night's closing, and nearly $9 per bale below the recent high record. The delivery closed at 32.03, with the general list closing barely steady at a net decline of 73 to 83 points.

The market was extremely nervous and unsettled from the start. First prices showed a decline of 17 to 25 points and by the end of the first hour active months were selling about 53 to 56 points below last night's closing. Weak Liverpool cables and active selling by houses with Liverpool connections were features, and while there was also heavy liquidation offerings subsided after the close abroad.

The disposition was to connect the Liverpool selling with nervousness over the price-fixing proposition, but later advices of a reduction from 3 to 2¼ per cent in British marine war risks, furnished a more plausible explanation of the break in the English market. This helped to steady prices here and there were rallies of 10 or 12 points during the middle of the day on covering, which was accompanied by talk of a better technical position. Otherwise, however, there was little support in evidence and the market weakened again, reaching the lowest levels of the day in the late trading, when May sold at 32.60 and October at 30.44, or 75 to 88 points net lower.

Washington advices caused a general feeling that there was no intention of fixing prices on raw cotton, but left the trade rather confused and uncertain as to what might be done in cotton goods or the effect of regulation in that quarter on raw materials. The decline was also accompanied by claims that the demand from trade sources had fallen off after recent heavy purchases.

COTTON DROPS HEAVILY IN NEW ORLEANS MARKET

New Orleans, April 11.—The reaction from the advance persisted in cotton here today, the market breaking in the early trading and again toward the close under pressure from the bear side, while at the same time feeling heavy liquidation of long cotton. The close was practically at the lowest of the session, trading months showing net losses of 68 to 83 points.

Fear that the price regulation of cotton goods, now under consideration by the war industries board, would exert an unfavorable influence on the market for raw cotton, and reports that foreign government cotton buying commissions in this country would not continue their operations because of the lack of ocean tonnage to move their purchases, were the main bearish influences back of the selling. One rumor was that foreign banks had decided not to finance further purchases of cotton in this country, which was taken to mean that concerted efforts were being made abroad to conserve ocean freight room for strictly war purposes.

The cold wave still hanging over the cotton belt, reports that great damage had resulted to young cotton from it, a reduction in tonnage losses through the work of submarines, and a lowering in the marine war risks rate were ignored. Spots remained unchanged at the highest levels of the season.

HOOVER SUGGESTS EXCHANGES LIMIT GRAIN SPECULATION

Washington, April 11.—The suggestion that private wire houses which handle grain futures restrict their business to legitimate customers and elliminate minor speculation was made to grain exchanges today by Food Administrator Hoover. The recommendation was made in a letter in which Mr Hoover replied to a notification by the exchanges of self-imposed restrictions for June and July trading.

SELLING PRESSURE IN STOCKS REVIVED

Substantial Depreciation of Values Recorded, the More Menacing Phases of German Offensive Prompting Liquidation.

New York, April 11.—Further substantial depreciation of values was recorded by the general stock list today, the more menacing phases of the German offensive prompting a moderate revival of liquidation.

Standard rails and the better known equipments and industrials fell back 1 to 2 points. Other stocks suffered equal or larger losses for more direct seasons. Oils, for example, broke sharply on the passing of the Sinclair dividend and mortors and accessories eased irregularly on rumors of impending dividend changes.

Shippings were among the heaviest features of the lethargic forenoon, yielding 1 to 2½ points. Rallies followed the declaration of the $5 dividend on Marine preferred, but these were relinquished later.

Sumatra Tobacco's overnight dividend increase to an 8 per cent basis was met by a 2-point reversal and allied specialties, including fertilizers, receded to the same extent.

Lowest quotations were registered in the last hour, the movement quickening as prices declined. United States Steel at an extreme break of 1⅜ and Reading and Union Pacific at 1½ and 2, recessions were foremost in the setback, a heavy tape prevailing at the close.

The weekly statement of the Bank of England, showing a loss of about $1,-000,000 in gold holdings and the war's increasing demands upon the steel industry constituted the only important general developments.

Bonds were irregular, becoming heavy toward the end on the reaction in French municipals. Total sales, par value, aggregated $3,350,000.

United States 2's and 3's (old issues) gained ¼, and old 4's ½ per cent on call.

Coffee.

New York, April 11.—It was reported in coffee trade circles here today that the cargo of coffee offered on the government allotment of tonnage had been virtually disposed of at prices averaging about 9.50 for Santos 4s, cost and freight. Nothing definite was learned regarding the extent of private charters to move coffee purchased f.o.b. Brazil. Futures opened at a decline of 3 to 4 points and sold off several points during the day under scattering liquidation or trade selling. July declined to 8.38 and December to 8.52, with the market closing at a net loss of 8 to 11 points. May, 8.32; July, 8.38; September, 8.44; October, 8.47; December, 8.54; January, 8.60; March, 8.72.

Spot coffee, dull. Rio 7s, 9⅛; Santos 4s, 11¼. Firm offers were not much in evidence, but included Rio 7s at 6.55 to 6.70 f.o.b. Brazil. London credits. The cost and freight situation is naturally confused and unsettled by the irregularities of ocean freights and scarcity of tonnage.

The official cables showed an advance of 75 reis in the Rio market. Santos spots were unchanged and futures 25 reis higher to 25 reis lower. Rio reported a clearance of 5,000 bags and Santos of 52,000 bags for New Orleans, both by sail. Brazilian port receipts, 23,000; Jundiahy, 15,-000.

Dry Goods.

New York, April 11.—Cotton goods and yarns here today were reported as rising. Sales were in smaller volume. Men's wear and dress goods mills were forced to notify customers of inability to fill orders because of increasing volume of government work. Knit goods were bought freely for the government.

Cast iron shells, once thought obsolete, are being manufactured in France at the rate of 1,000,000 a day. They are more effective against earthworks than those of steel.

CORN VALUES TAKE VIGOROUS UPTURN

Extreme Rise of 7 1-2 Cents in July on Opening of New Contracts Outdoes Predictions of Even Sanguine Bulls.

Chicago, April 11.—Swift ascent of corn values and a decided broadening out of activity resulted today from removal of the maximum price limit on the July delivery and by reason of the beginning of business in future contracts based on actual commercial grades. The market closed strong, with May inactive and unchanged, but July $1.57⅛ to $1.57¼, an extreme rise of 7½ cents compared with the minimum price at the outset. Oats finished ⅝ to ⅝c down and provisions off 10 to 25 cents.

Jumps in corn prices far outdid the predictions of even sanguine bulls. It had been expected that as high as $1.50 a bushel would be reached by the July option, but right at the opening some transactions took place fully 5c above that level. This was nearly 30 cents a bushel higher than July commanded at the corresponding time last year. Reports that rural consignment notices had increased led to a reaction from initial top prices, but persistent buying on the part of commission houses, especially near the end of the session, virtually exhausted the offerings.

Prospects that the acreage of oats seeded this year would be the largest on record put the oats market on the downgrade.

Slowness of shipping inquiry weakened provisions.

COLLEGE LEAGUE RESUMES PLAY

Auburn Plays Tech Here, and Mercer Meets Georgia in Athens Today and Saturday.

Standing of Teams.

Teams.	W.	L.	P.C.
Auburn	3	1	.750
Tech	1	1	.500
Georgia	1	1	.500
Mercer	1	3	.250

The quadrangular college league consisting of the above-named teams will resume their schedule of games today. The following is the schedule for Friday and Saturday:

Auburn vs. Tech in Atlanta.

Mercer vs. Georgia in Athens.

Dope on the two series points to an edge for Auburn in the series with Tech and to Georgia in the series with Mercer, but many believe that the teams will divide their series, making no change in the standing of the league at the conclusion of the week's play.

But there are many who believe that Tech will be unable to cope with Auburn and that the Plainsmen will romp away with the pennant in the league this season.

The local game starts at 3:30 o'clock at Grant field. The admission fee will be 55 cents, including war tax.

Back on his farm in Montezuma, Ga., Jimmy Lavender is looking out on the world calm and serene. Jimmy is through with baseball, so he says, and at the moment is no doubt very busy planting corn or potatoes, or something.

Women ticket sellers will officiate at the Columbus ball grounds this summer, while members of the fair sex have also been engaged to handle the turnstiles. If the war lasts much longer we will soon see the girls cavorting around the diamond.

Gordon Saturday Feds on Sunday Local Schedule

Game Saturday at Poncey at 3:30 O'Clock—McTigue Goes Home Sick—Griffith May Report Today.

The Crackers will play the Camp Gordon team a game Saturday at Ponce de Leon at 3:30 o'clock.

These teams met last Saturday and the Crackers were returned the victors in a well-played game, 4 to 1. The soldiers will probably present an even stronger line-up Saturday than they did a week ago, as it is possible that Milton Reed, Timeon Bowden, Joe Jenkins and Wilson Collins will join their forces.

The Crackers, too, will be stronger, Walter Shay playing short and Lee Strait going to right, with Mayer in center.

Sunday the locals will go out to the federal prison to play the Commodore Feds there.

McTigue Goes Home.

Pud McTigue, the veteran left-hander, has returned to his home in Nashville in an effort to recover from an attack of la grippe which suddenly descended on him. He'll join the Crackers just as soon as he is over his illness.

Griffith Due Here.

Dave Griffith, who is to be Picinich's assistant behind the bat for the Crackers this season, will probably report here today. He is expected to arrive today or Sunday.

Postals to Merchants.

Postal cards, asking the merchants of the city to close a half day for the opening game or to permit as many of their employees as possible to attend the opening game have been mailed 1,000 local firms.

A return postal was mailed, asking that the merchants designate their pleasure. It is believed a liberal response will be received.

OGLETHORPE PLAYS CLEMSON TIGERS AT CLEMSON TODAY

Coach Frank Anderson and his Oglethorpe Petrels left Atlanta last night for Clemson, S. C., where they play the Clemson college baseball team today and Saturday.

TWO CRACK PLAYERS JOIN MEMPHIS TEAM

Memphis, Tenn., April 11.—(Special.) Two new players joined the Memphis club today and another is scheduled to report tomorrow. Joe Slattery, left-handed first baseman, with Montreal the last three seasons, joined the tribe today. Angel Aragon, third baseman, with Toledo last season, and secured from the Yankees, also reported. Chuck McDaniels, young catcher, with Chattanooga last season, has been secured by the Chicks, and is due here tomorrow morning. McDaniels will serve as helpmate to Catcher Hargrave. The arrival of Slattery makes the only first baseman in the Chick camp this spring.

LOOKOUTS LOSE MILLER TO ARMY

Chattanooga, Tenn., April 11.—(Special.)—Outfielder Eddie Miller, purchased from the Central assocation, was called into the army by his home draft board, Vinton, Iowa, today, and will leave for home tomorrow to enter the army with the Vinton squad of selectmen.

BEARS BUY ELLIS FROM NASHVILLE

Mobile, Ala., April 11.—(Special.)—Manager Pat Flaherty, of the Mobile club, was notified today that he had been awarded Pitcher Bill Ellis, of the Nashville club, at the waiver price. Mobile claimed him when Nashville put him on the market. He will be used by the Mobile club and will round out the pitching staff of the Bears.

TEXAS LEAGUE OPENS ITS SEASON TODAY

Dallas, Texas, April 11.—The Texas league, composed of six teams, will open its 1918 playing season tomorrow and continue until September 8. Usual opening day parades have been arranged. Tomorrow's schedule follows:

Shreveport at Dallas, Waco at Fort Worth, San Antonio at Houston.

MISKE AND SMITH ARE READY

Stage Is All Set for Big Boxing Carnival at Auditorium Tonight

Billy Miske and "Gunboat" Smith Battle in Ten-Round Main Bout--Both Supremely Confident.

Splendid Card of Prelims Arranged—Billy Haack to Referee Again—Tickets on Sale at Chess' Place.

By Dick Jemison.

Everything is in readiness for the big boxing carnival at the Auditorium-Armory tonight, four bouts—a four and a six-round preliminary, a ten-round semi-windup and a ten-round main bout completing the card.

In looking over the contestants in the four bouts, Atlanta fans can look forward to an evening of fistic entertainment, the like of which they have never been treated to before.

The card stacks up as one of action, four bouts in which wallops will be traded from the frist gong until the last. There will be no sparring in any of the bouts.

The card was arranged in its entirety, primarily to furnish some real slugging. Atlanta has seen good boxing in the two shows just prior to this one, but tonight's show will furnish the real slap-bang variety of the ring game that should please.

SUPREME CONFIDENCE IN THE RIVAL CAMPS.

In the camps of Billy Miske, the Minnesota Bearcat, and Edward J. Smith, the famous "Gunboat" of ring fame, supreme confidence exists. In statements issued prior to the bout, both express utter disregard for the other's ability and predict a knockout before the end of ten rounds.

Miske says: "I'm ready for the battle of my career. I never felt better and I'm going after the Gunner from the tap of the fist gong. This bout means much to me. It means a step nearer the heavyweight crown and at the conclusion of the bout I am sure Atlanta fans will be added to my list of supporters of my claims to that honor."

Smith says: "Billy Miske's meteoric career will be ended at the Atlanta Auditorium Friday night. I never felt better in my life and if there is any stopping done, I'm going to be the one on the delivering end of the punch. I respect Miske's ability, but I believe I'm a better man than he is and will prove it to the satisfaction of all."

The rival managers, Jimmie Johnston for Smith and Jack Reddy for Miske, take the same view as their men, but even more so. Space forbids telling of all the dire happenings they predict for their man's opponent tonight.

One think is certain, Miske and Smith are in superb shape and Atlanta boxing fans will see the best heavyweight battle of the season tonight.

REST OF CARD POINTS TO MORE REAL ACTION.

The rest of the card promises just as much action as the main bout. In the four-round opener Peter Groot and Bud Conley will mix, and over the four-round route these little fellows will furnish a slug fest that will whet the appetites of the fans for what is to follow.

"Torpedo" Jack Harris, the local newsboy champ, is to receive his first real test in the next bout. He is booked to travel six rounds with Frankie Mullen, a lad from Philadelphia, who is now at Camp Gordon.

Ten-round, no-decision bouts against Jimmy Pappas and Knockout Eggers, besides other bantams of note, show the class of boy that Harris is called upon to face.

Battling Budd, the prime local favorite, is to receive an even severer test than Harris when he meets Jimmie Minor, of Memphis, in the ten-round semi-windup.

Minor is a rugged boy, who has battled Joe Mandot, Jimmie Hanlon, Pat Moran, Phil Virgets and other good boys of that weight, and he is coming to Atlanta with the intention of beating Budd and establishing himself as a card for future bouts here.

FANS CLAMORING FOR TICKETS TO BOUTS.

The advance ticket sale is at Chess' place on Edgewood avenue, where a special ticket man is in charge of the sale.

The demand for tickets has been increasing hourly as the hour of the bout approaches and the prediction is that the best crowd that has ever attended a boxing contest in this city will be at the ringside.

A chart showing the location of each and every seat in the massive hall can be seen at the advance ticket place and each fan can see just where his seat is at the time of purchase.

Every seat with the exception of the gallery tickets is reserved, and the fans can come when they choose and their seats will be reserved for them.

The show will be run off promptly, the Groot-Conley bout opening the evening's entertainment promptly at 8 o'clock and the other bouts will be ready to follow.

Billy Haack, "the man who makes them fight," will be the third man in the ring. Dick Jemison will again do the announcing.

TECH-FULTON HIGH GAME THE FEATURE

Of Third Round of City Prep Baseball League Games Today.

Three games will be played in the third round of the prep league on Friday, namely:

Fulton High at Tech High.

G. M. A. at Boys' High.

Marist at Commercial.

All of these games should be corkers, as the teams are evenly matched. When Tech High meets Fulton High at Piedmont Park Friday afternoon there will be some scrap. Both teams are exceedingly strong and neither has lost a game. Tech High won the pennant last year and have a large number of men back from that team. Fulton High has a jim-dandy team, as shown by the way they did Marist and Commercial High. This game will probably be the best of the day.

Boys' High will have no easy foe when they meet the Georgia Military academy nine at Piedmont at 3:30. It is true that Tech High defeated G. M. A. in the frist game of the season, but the nine has much improved since then, as pointed out by their fine showing against the Commercial High team Tuesday. The Boys' High batters will also have a hard time hitting the G. M. A. twirler who pitched the first no-hit game of the season Tuesday against Commercial High. Several of the Boys' High men are still on the sick list. Especially is the loss of Harrison, their second baseman, who is out for the season on account of sickness, felt heavily by that school.

Commercial High will lock horns with Marist at Grant Park. This should be a good game also, as these teams are of about the same caliber.

LOOKOUTS SELL M'DANIEL TO BEARS

Chattanooga, Tenn., April 11.—(Special.)—Catcher McDaniel, released yesterday by Chattanooga, has signed with Mobile and will report to the Bears at once.

The Chattanooga club has entered indignant denial to charges from Little Rock that the Lookouts were holding Pitcher McConnell here. McConnell practiced with the Lookouts for several days, but has left the city, so far as can be ascertained.

Meanwhile, letters from President Allen, who purchased McConnell's release from Kansas City, are here undelivered.

The Cause--- The Remedy

For every condition there is a cause. But the causes of unsatisfactory business conditions are sometimes subtle and hard to locate.

Once the cause is recognized and found, it is comparatively a simple matter to apply the remedy.

Don't burden your mind with business troubles; get at the causes. A certified audit will bring them to light and lay them before you clearly. Then the cure comes easy. Call us in.

AMERICANS LAND AT VLADIVOSTOK

Harbin, Friday, April 5.—(By the Associated Press.)—American marines have been landed at Vladivostok, as well as British and Japanese forces, according to advices from that place. The Americans are in control of the docks, while the Japanese are guarding the railway and ammunition depots.

Reassuring Effect Expected.

Washington, April 11.—Landing of American marines at Vladivostok is expected to have a reassuring effect in Russia. With American joining the British and Japanese naval forces in protecting life and the vast stores of war material belonging to the allies at the Siberian port, the enterprise is given a distinctly international character which, it is believed here, should quiet fears of the Russians aroused by German suggestions that a Japanese invasion has been begun.

Since the attitude of the United States is credited with having stayed the proposal for real Japanese intervention in Siberia to check German influence, participation by Americans is counted upon to emphasize the purely local character of any operation undertaken to protect life and property where there is no competent Russian authority to enforce order.

No details are available as to the number of marines landed. In fact, the navy department tonight had not been officially informed of the landing, though American warships are at Vladivostok and the step was not unexpected.

AMERICAN NAVAL BASE IS SECURED ON AZORES

Washington, April 11.—For the protection of the Atlantic trade routes to southern Europe, the United States, with the consent of Portugal, has established a naval base on the Azores islands.

Guns have been landed to begin fortification of the station which, in addition to being used as a naval base for American submarines, destroyers and other small craft also will serve as an important station for American airplanes, a number of which already have been assembled there.

Negotiations now are in progress between the state department and the Portuguese government to insure full co-operation between American naval forces and the local authorities of Portugal on the islands for the adequate defense of the station. This action will simplify the task of protecting the great trade routes not only to southern Europe and the Mediterranean, but also returning traffic to South America and southern gulf ports in the United States.

Portugal was not only willing to enter the arrangement, but was eager to see it perfected, that her own lines of communication to her colonial possession could be covered. The value of the new station as a base for the replenishment of supplies for American submarines, submarine chasers and destroyers on the voyage to Europe already has been demonstrated.

It is permissible to disclose these facts now because it is known to the government that they are known in Germany.

AD MEN'S CLUB WILL SEE "GERMAN CURSE"

Next Wednesday night will be Ad Men's night at the Alamo No. 2 theater, where the "German Curse in Russia" will be shown during the entire week under the auspices of the Atlanta Woman's Club. The Ad Men are lending assistance to the club women in bringing the remarkable film before the public.

In New York a man was arrested and sentenced to six months in prison by Magistrate Ten Eyck for hissing scenes favorable to the allies. This picture has been the means of exposing alien spies and sympathizers.

In watching the sinking of a submarine by a battleship, a naval battle, close up views of trench life and warfare, gas attacks, etc., the spectator wonders whether the photographer who worked the camera is still alive.

Tickets may be purchased at Alamo theater No. 2 or through any member of the Woman's club.

COLONEL J. W. PRESTON DIES IN SAN FRANCISCO

Macon, Ga., April 11.—Colonel J. W. Preston, one time commander of the Georgia division, United Confederate Veterans, died today in San Francisco, according to messages to relatives here. He was a lawyer of this city.

U.S. TROOPS REPULSE HEAVY HUN ATTACK

With the American Army in France, Wednesday, April 10.—(By the Associated Press.)—The Germans attempted an attack against the American positions northwest of Toul, just before sunrise this morning, and were completely repulsed. Two German prisoners said the enemy planned the attack with a force of 800 men, but that it was stopped in its full strength by the effective fire of the American artillery.

The Americans lost no prisoners. One of the German prisoners died later of wounds.

The attack was the heaviest yet made on an American force. Brilliant work by American gunners dispersed the German infantry before they reached the wire entanglements and those of the enemy who got into the wire were accounted for with machine-gun and rifle fire.

The German attack came after a violent artillery bombardment of three days. A large number of the enemy are believed to have been killed or wounded during the attack, which continued for nearly two hours.

ALLIANCE TO DISBAND AND GIVE TO RED CROSS

Philadelphia, April 11.—The German-American Alliance, which has been the storm center of congressional investigation for some time past, will disband and give the $30,000 now in the treasury to the Red Cross. This announcement was semi-officially made during a recess late this afternoon, following an all-day secret session.

It was said the dissolution of the alliance will become effective tomorrow.

SUGAR IN GEORGIA TO COST ONE CENT LESS THAN BEFORE

A reduction of one-cent a pound in the price of sugar to consumers was announced Thursday by D. F. McClatchey, executive secretary of the federal food administration for Georgia. This is a reduction of one-cent from the retail price fixed by the administration last November, and the order becomes effective immediately. The lower price has been ordered in consequence of a drop in the wholesale price. It is estimated that this will mean an annual saving to Georgia consumers of $1,080,000.

FIRST METHODIST BELL CALLS TO PRAYER

Beginning today a bell will be rung at 12 o'clock every day at the First Methodist church, on the corner of Peachtree and Porter place.

The purpose of this bell is to remind all those that hear it to offer a prayer, no matter how short, for the American troops in France and their allies. The church will be open for any who may wish to offer their prayer inside.

BRITONS ADVANCING NORTH OF JERUSALEM

London, April 11.—British troops, on April 9, advanced their line north of Jerusalem, in Palestine, to a depth of one and a half miles along a front of 5 miles, the British war office announced today. Notwithstanding the stubborn resistance of the Turks, the British captured the villages of Rafat and El Kefr.

The statement reads:

"Early on the morning of April 9 our troops on the Tulkram-Ramleh railway advanced their lines to a depth of one and a half miles on a frontage of five miles. We captured the villages of El Kefr and Rafat despite stubborn resistance by the enemy, whose counter attacks were broken up by our artillery and machine gunfire. Among the prisoners taken were a few Germans."

UNCLE SAM SEIZES COASTAL SHIPPING

Continued From First Page.

en under the clause of the 1916 army appropriation bill, which granted the president authority to take over the railroads or any other transportation lines. It is specified that the companies shall not pay dividends in excess of the usual rate in three years ending June 30 last, except with the director general's approval.

Effective Saturday.

The government operation is to become effective at 12:01 o'clock Saturday morning and applies to all the wharves, docks, warehouses and other operating facilities of the lines, as well as to the ships. For the present, running schedules, crews and company managements will be maintained.

Coastwise shipping was included in the order last October placing under control of the shipping board all American vessels of 2,500 tons and over. When the government took over the railroads in December the coastwise shipping was released by the board and the railroad-owned steamship lines thereupon passed into control of the railroad administration, leaving some of the lines free to continue business without any government supervision other than that exercised by the interstate commerce commission.

It has been the view of the shipping board that coastwise shipping is an element of internal transportation and, therefore, should be controlled by the railroad administration, so that the two modes of traffic might be co-ordinated to the highest possible degree. This step has been advocated especially since the experience of last winter in moving coal to New England.

Two methods of operation used by the shipping board may be followed by the railroad administration in handling the coastwise vessels. One is to take the vessels on a "bare boat" basis, the railroad administration furnishing crews and assuming all direction of the vessels. The other is to return the vessels to their owners for management by them. The shipping board pays $4.15 a ton for bare boat leasing and $7 where the company furnishes crew and pays all other expenses. All income from the ships, which is regulated by the chartering committee of the board, accrues to the United States government.

Russian Ships Taken.

A Pacific Port, April 11.—Three Russian ships, the Nijni Novgorod, Tula and Kishnev, were taken over here today by the United States shipping board. They have a deadweight cargo capacity for 12,000 tons. They have been loading here with supplies intended for Russian Pacific ports.

CANADIAN DESERTERS SEIZE ISLE IN RIVER

Ottawa, Ont., April 11.—Two deserters from the Canadian army, with several draft evaders and eight enemy aliens, said to be Germans, have taken refuge on an island in the Ottawa river, opposite the Petawana military camp and are defying the authorities.

The party, deserters from military district No. 3, has raised the red flag. It is said to be well armed and provisioned.

PROPOSALS FOR COAL.

The board of trustees of the Georgia State Sanitarium, Milledgeville, Ga., invite proposals up to 10 a. m., April 17, 1918, to furnish said institution with 10,000 tons of straight run of mine steam coal and 1,000 tons of "round" domestic coal, size 4 to 2 inches, deliveries to be made during the term of the contract, as may be directed by the institution. Bidders will be required to state the location of the mine from which the proposed coal will be shipped, the proximate analysis of the coal and the guaranteed B. T. U.

The bidder is requested to state in his proposal the prevailing freight rate from his shipping point to Milledgeville, Ga.

The successful bidder will be required to make an approved bond in the sum of $5,000 as surety for the faithful performance of the contract.

The right is reserved to reject any or all bids. Address proposals to Board of Trustees, Georgia State Sanitarium, Milledgeville, Ga.

No. 48 Peachtree Circle

There are many who think that the residential setting at Peachtree Street, Peachtree Circle and Fifteenth Street, is the most desirable in the city. In this locality we offer a 2-story dwelling of buff brick exterior (having 9 rooms and sleeping porch) for $16,500.

The first floor has a living room, sun parlor, music room, dining room and kitchen, with ample pantries; the wood work is mahogany with piano finish. On the second floor are four bedrooms and two baths, with large sleeping porch. In the yard is a 2-room servant's house and double garage.

This dwelling and grounds are in perfect condition, the house having been occupied by the owner since it was built, a few years ago. There is no loan and payments can be extended to suit a responsible buyer.
